

# Konstant Infosolutions Announces New Website Launch

*Konstant Infosolutions announces the launch of its revamped website with enhanced functionalities, appealing layout and comprehensive content.*

PALO ALTO, CA, UNITED STATES, February 28, 2017 /EINPresswire.com/ -- A leading mobile as well as web service provider based out of USA, [Konstant Infosolutions](#) announces the official launch of their newly revamped website today. With a more comprehensive understanding of company's services, portfolio, work culture and other essential information, the new website goes live on February 23, 2017.

The new website has been designed keeping in mind the aspects like user-experience, intuitiveness and aesthetic appeal. It now possesses a clean uncluttered design, which blends perfectly with other elements of the website. The website goes live with enhanced functionality, improved navigation, extensive content including detailed case studies, industry-specific solution offerings, whitepapers and more.

With the aim to communicate company's objective, goals, services on offer, experience, skills and what to expect from them as a technology partner, the redesigned website explains each section in an intelligent manner.

The company claims to have an experience of more than 14 years serving the industry with expertise in [web development](#), [mobile app development](#), eCommerce development, cloud computing, app prototyping, IoT and wearable app development.

Mr. Manish Jain, Co-Founder of Konstant Infosolutions, said, "The objective behind website redesign was not just to uplift its aesthetic aspect but to represent the world with the company's current state and result-driven work, which they have continued to do from the past decade. We believe that it'll allow the visitors, advertisers, partners and media houses to have an insightful go at our offerings, progress and market presence." He concluded by praising the team and their efforts in making things bright and promising.

The new website can be reached at the same address, but with the latest acquired SSL certificate:

<https://www.konstantinfo.com/>.
