

Americans Hoping to Escape Trump Look for Love in Canada with Datingapp.io

DatingAppio is a free dating tool that matches the best dating apps and sites for each user.

MONTREAL, QUEBEC, CANADA, March 2, 2017 /EINPresswire.com/ -- Americans unhappy with the Trump presidency are seeking a fresh start and companionship in Canada. With more Americans looking north, some single Americans are also finding hope in Canadian dating apps. With the simple dating quiz at Datingapp.io, Americans can increase their chance of finding love in Canada with five free, personalized app suggestions.

Datingapp.io recognizes that finding which app is best for the user is almost as tough as choosing a nominee to vote for. Whether users are looking for a four year fling or something more lasting, starting with Datingapp.io increases the chance of finding love online in just minutes.

"Singles in the United States are looking for hope north of the border— and it's not just political," said Robert Douglas, online dater and developer of Datingapp.io. "While a slew of new apps can be overwhelming, our free tool cuts through the over-saturation of the online dating market and helps users find the apps most likely to get them a match."

“

While a slew of new apps can be overwhelming, our free tool cuts through the over-saturation of the online dating market and helps users find the apps most likely to get them a match.”

Robert Douglas

The Datingapp.io process is simple: users answer 5-10 simple questions about who they are and what they are looking for in a relationship, and Datingapp.io provides a list of the sites and apps that are likely to give them the best results. It's a great way to hunt down new sites and tools for those who are overwhelmed by mainstream choices and don't know where to start.

In addition to five personalized results, Datingapp.io users can access a longer list of personalized app suggestions for just \$0.99. Users can also choose to have their personalized

results emailed to them.
