

# Florida Water Damage Restoration and Repair Service Company Expands Their Geographical Coverage

*United Restoration Team expands to Orlando, FL offering water damage restoration, fire & smoke damage restoration, mold remediation and reconstruction services.*

ORLANDO, FLORIDA, UNITED STATES, March 2, 2017 /EINPresswire.com/ --

[United Restoration Team](http://UnitedRestorationTeam.com), a Florida water damage repair company opens a new

office in Orlando to cover more geographical area. The company is a full service provider of water damage restoration, fire & smoke damage restoration, mold remediation and reconstruction. They are expanding their geographical extent to provide their world class services to as many homeowners as possible, including Orlando residents.

In an increasing population such as that in Orlando, one of the fastest growing and most important home related services is water damage restoration. As a property owner, it is imperative to understand that regular maintenance is fundamental for the overall health of any property. Ignoring water damage will end up in serious complications as well as expensive repairs. Periodic maintenance is essential to prevent potential issues and can also help uncover hidden water related damages.

More and more homeowners have become aware that taking immediate action is the best way to avoid additional problems that would require more costly treatment. A critical problem that property owners face is having to dealing with predatory companies that are only after their money. While many companies still employ outdated equipment and techniques to restore water damage, United Restoration Team utilizes modern state-of-the-art equipment and methods. Their IICRC approved tools are maintained periodically to ensure proper functionality. They are a trustworthy, reputable and reliable business focused on providing world class service that guarantees 100% customer satisfaction.

Flood is a very frequent cause of water damage in Orlando. Statistically speaking, homeowners have 1% chance of a flood occurrence in their life time. Unfortunately for property owners, water damage is a way too frequent event in the United States. As a matter of fact, about \$7.7 billion in claims were processed in the nation for the year 2012. Overlooking a leak will in time turn into a much more considerable damage to the overall structure of the property.

The company currently has 4 convenient offices including the newly opened location in Orlando. They have had an exponential growth and have decided to expand their operating base to provide better

and faster service to their awesome customers. Interested parties are welcome to get more details by visiting their [website](#) or calling their office at 407-258-2740.
