

Scourby Bible App Creates New Way to Read the Bible

Scourby Bible App is pleased to announce they have launched a new app designed to allow individuals to easily read their Bible through their mobile devices.

BELFAST, ENGLAND, UK, March 3, 2017 /EINPresswire.com/ -- Scourby Bible App is pleased to announce they have launched a new app designed to allow individuals to easily read their Bible through their mobile devices. This innovative app is narrated by Alexander Scourby and allows individuals to fully customise their experience.

When people install the You Bible app on their phones or other mobile devices, they can create a more personalised experience with the Bible. They will be able to put together a playlist of their favourite passages for easy listening when they need it most. The fully integrated search engine allows individuals to search for relevant passages by keyword, book, chapter or verse. They can also easily share their favourite verses via social media, including Facebook and Twitter, as well as through email or text message.

In addition to providing audio readings of the Bible, this app allows individuals to read for themselves or they can read and listen at the same time, increasing comprehension. With all of these and other features, You Bible is changing the way individuals experience this old book.

Anyone interested in learning about the features available in this app can find out more by visiting the Scourby Bible App website or by calling +44-28 9568-0022.

About Scourby Bible App: Scourby Bible App is an innovative app that allows individuals to both read and listen to the Bible wherever they go. The app is filled with user-friendly features that make it easier to find favourite or relevant verses. This is the perfect companion app to the Bible.
