

# JUNO JUMPER

*Juno Jumper, A Battery That's So Smart  
It's Just Plain Essential For Everyone.*

PALM BEACH, UNITED STATES, March 6, 2017 /EINPresswire.com/ -- The quest for any inventor is to find a common problem people have and create a logical solution. Well, OK, if that's true then to make things better make sure it's a product that most people on the planet can use every day. Introducing Juno Jumper 2. This sleek portable battery pack can charge your tablet, camera or smart phone in seconds anytime anywhere. What's more is it can also jump start a car's dead battery with the flip of a switch. If change and innovation is good, then the Juno Jumper 2 is tremendous.

Hailing from Burlingame California the Juno Jumper 2 is a 6000 mAh battery pack, flashlight and emergency power source completely portable measuring only 5.3 x 6 inches in size. In the world of portable charging solutions, the Juno Jumper is becoming the standard among technology enthusiasts and smart travelers around the globe. Not only does it work, its stylish, light weight and extremely user friendly. Simply attach to

a dead car battery, wait for a few seconds and start your car. When your done give your smart phone and tablet a quick recharge while you sip your coffee and off you go. Dead battery stress no more.

Ten years in the making the Juno Jumper 2 does it all. The company is a Licensee of Apple Inc. selling products across the US, Australia, Italy and the United Kingdom. Their quest is to provide the consumer with cost effective, trendy charging solutions that not only look great but deliver power with a punch. Be smart, be responsible, be free...order you Juno Power 2 today.
