

Cuomo's Justice Center Obstructs Audit and Justice

Gov. Cuomo continues to ignore the safety and lives of people with disabilities as his agencies keep crimes and deaths from local authorities and auditors

DELMAR, NEW YORK, UNITED STATES, March 7, 2017 /EINPresswire.com/ -- The cover-ups are massive in scope and the Medicaid fraud scheme involving billions of federal tax dollars is being protected and shielded by Cuomo's fraudulent and corrupt Justice Center. The New York State legislature must take swift action to shut down this whitewash cover-up entity where justice goes to die. Today's AP news story <http://abcnews.go.com/US/wireStory/apnewsbreak-audit-ny-investigators-disabled-stonewall-45948071> regarding the obstruction even of the State audit further exposes the State and federal crimes that I have brought to the attention of authorities which include Obstruction of Justice, Criminal Conspiracy, Public Corruption, Medicaid Fraud, failure to report, falsification of official records and reports etc.

All attempts of mine to get the Cuomo administration to stop these wide-scale criminal activities that protect and shield sexual predators, pedophiles and those that physically harm or kill innocent children and adults with disabilities in known unsafe care facilities and group homes are ignored. It is literally as if people with disabilities are not considered human beings and therefore discriminated against and denied safe care, denied emergency 911 first responder medical and police services and denied their equal right to equal protection of laws.

The governor has claimed in his political grandstanding that he is disabled <http://newyork.cbslocal.com/2017/01/29/cuomo-travel-ban-hotline/> , when he is not disabled and he is doing absolutely nothing significant to ensure that 1,000,000 New Yorkers with disabilities are finally treated equally. The governor has not taken any dramatic steps to stop or prevent the rampant physical and sexual abuse or the staggering numbers of deaths occurring within his agencies. Well over 7,000 calls a month are reported to Cuomo's abuse hotline for the disabled

instead of 911 call centers and almost everything is disappearing internally. Almost all reported sexual assaults and rapes of the disabled are kept from local police, kept from being criminally investigated and kept from County elected District Attorney's so that they cannot be prosecuted. This scheme is to protect New York State and its working and financial private provider agency partners from lawsuits. Instead of actually using the massive amounts of State and federal money to provide safe care that is free from abuse and neglect, the Cuomo administration has chosen to cover up most of the damages and loss of lives. Here are the staggering numbers of deaths; 11-12 people with disabilities or those struggling with mental illness are dying every day on average in New York State's extremely dangerous and deadly system. These numbers are astronomical in scope and many of these precious individuals are dying prematurely due to criminal negligence. How they are being covered-up regularly by Cuomo's wrongfully named Justice Center for the Protection of People with Special Needs agency is by purposefully not notifying the police and County Medical Examiners or Coroners. I am attaching the actual link where Jay Kiyonaga who helped put this scheme together is directing provider agencies to investigate deaths within their own facilities

<https://www.justicecenter.ny.gov/sites/default/files/documents/JusticeCenterDeathReportingClarification12-17-15.pdf>. The law requires Medical Examiners and Coroners to be swiftly notified so they can respond, investigate, take statements from witnesses, do an initial written report and take possession of the body so they can do an autopsy to determine the cause of death. Cuomo's Justice Center according to numerous official documents obtained through FOIL reveal that most deaths are purposefully never reported to County Medical Examiners and Coroners, so that they can be easily covered-up. Cuomo's craftily named and spun abuse hotline really is primarily a well organized criminal enterprise to hide the extreme damages from local authorities, the families as well as the Office of Medicaid Inspector General. The individual wrongful death cases settlements could be in the multiple millions, but the loss of federal Medicaid money could be in the hundreds of millions, if not billions. This is why the Cuomo administration has obstructed the Comptrollers audit which I requested in January of 2015.

I am attaching the links to the award winning New York Times "Abused & Used" investigative reporting series that I was able to convince the Times to do which exposes these horrors that never have been fixed, they continue now worse than ever http://www.nytimes.com/interactive/nyregion/abused-and-used-series-page.html?_r=0. Why Governor Cuomo chose to go the direct opposite direction that he should have is for him to answer. Instead of taking dramatic steps to stop the wide-scale discrimination and rampant abuse and neglect the governor chose to cover-up these horrors. Some other important links to horrific sexual abuse stories and the tragic death of my son Jonathan hopefully will awake many people to these atrocities and criminal cover-ups occurring so that they can be stopped. <http://www.nydailynews.com/new-york/new-york-pay-3m-family-boy-molested-group-home-article-1.2977392>. This story is about a New York State employed caregiver molesting a disabled child whenever he wanted; he called where he worked "a predators dream." The next piece from the NY Times "Abused & Used" series which was a runner up for a Pulitzer Prize details how a sexual predator was caught in the act and that he was still protected and shielded by New York State <http://www.nytimes.com/2011/03/13/nyregion/13homes.html>. Here is the extremely disturbing quote from this investigative report; "At a home upstate in Hudson Falls, two days before Christmas in 2006, an employee discovered her supervisor, Ricky W. Sousie, in the bedroom of a severely disabled, 54-year-old woman. Mr. Sousie, a stocky man with wispy hair, was standing between the woman's legs. His pants were around his ankles, his hand was on her knee and her diaper was pulled down. The police were called, and semen was found on the victim. But the state did not seek to discipline Mr. Sousie. Instead, it transferred him to work at another home."

My precious son Jonathan died in State care. Jonathan had autism, he was developmentally disabled and non-verbal and only 13 when he was killed by his New York State employed caregivers <http://www.nytimes.com/2011/06/06/nyregion/boys-death-highlights-crisis-in-homes-for-disabled.html> and <https://www.nytimes.com/video/nyregion/100000000849083/a-failure-to-protect.html>

These horrors must be stopped. No longer can the disabled be treated as a lesser valuable group of people and denied their basic rights to life, liberty and the pursuit of happiness and be denied 911

emergency services and assistance. Preventing our most vulnerable from receiving immediate emergency police assistance is denying this special group of people their equal right to equal protection of laws which also denies them justice. This is dead wrong and it is discrimination in civil rights. Stand with us for “equal rights” and “civil rights” for people with disabilities in New York State and throughout our great country by signing our petition at www.jonathancareyfoundation.org. No longer can 911 be bypassed. 911 call systems must be immediately called by all mandated reporters regarding all physical and sexual abuse, gross negligence of care, significant and suspicious injuries and when a person with a disability is in medical distress or has stopped breathing.
