

Arizona Corporate Whistleblower Center Now Urges a Skilled Nursing Facility Employee Who Has Proof Their Employer Is Overbilling Medicare-to Call About Possible Major Rewards

WASHINGTON, DC, USA, March 9, 2017
/EINPresswire.com/ -- The Arizona Corporate Whistleblower Center says, "We are urging an employee of a nursing home, skilled nursing facility, a rehab center, or a company providing hospice services in Arizona to call us at 866-714-6466 if they have proof their employer is involved in systematic overbilling of Medicare. What we are specifically talking about is a healthcare company in Arizona billing Medicare for medical services that were never rendered or up-coding of Medicare bills. If the overbilling is over a couple hundred dollars a year-it would probably be worthwhile to have a conversation about potential whistleblower rewards."

prospect for a reward. Do not try to force a company/employer or individual to come clean about significant Medicare fraud, overbilling the federal government for services never rendered, multi-million-dollar state or federal tax evasion, or an Arizona based company falsely claiming to be a minority owned business to get preferential treatment on federal or state projects. Come to us first, tell us what type of information you have, and if we think it's sufficient, we will help you with a focus on you getting rewarded."
