Author Encourages Little Ones to be Kind to Others

WILLARD, MO, USA, March 8, 2017 /EINPresswire.com/ -- Kindness is one of the most important character traits, but sometimes children need an extra reminder about the best ways to be kind to others or why kindness matters.

[The Christmas Spryte Encounter](#): Bad Behavior by [Nanette Crighton](#), is a touching poetry of a girl who is displaying bad behavior, so horrible that a behavioral elf named Glynt P. Spryte paid her a visit and hoped that his warning will yield good results. The elf warned the girl that she will be taken off the Nice list if she continues to be unkind. With time running out, the book allows its reader to guess from page to page if the girl will change her bad behavior before Christmas or she will not receive any presents at all.
