

Truly Ergonomic Announces a Lower Cost for their Mechanical Numeric Keypad for 2017 Tax Season

Truly Ergonomic knows that it's Mechanical Keypad for Data Entry, and today announced lower prices at this important season of the financial year.

VANCOUVER, BRITISH COLUMBIA, CANADA, March 8, 2017 /EINPresswire.com/ -- VANCOUVER, BC.--(BUSINESS WIRE)—Truly Ergonomic Ltd., one of the World's best manufacturers of Ergonomic Computer Peripherals, today announced a new price range for the PC and MAC versions of their Truly Ergonomic Mechanical Keypad for Data Entry.

At this time of year Accountants, Book-keepers, Number-Crunchers and Billionaires are stuck at their computer screens for more time than usual, ensuring that their Data Entry for Tax Season is as perfect as possible. These Financial specialists and regular 'bean counters' face a frustrating time ensuring that their spreadsheet work is as perfect as possible. Truly Ergonomic knows that it's Mechanical Keypad for Data Entry can be a great help to these users, and today announced lower prices to ensure that everyone gets the purchase they deserve at this important season of the financial year.

The Uniquely designed Mechanical peripheral features a BIG TAB and simultaneous use of numbers and directional keys, making your gigantic Financial and other Data Entry Projects a snap. The revolutionary, patented design means a comfortable and ergonomic user experience for everyone that works in Data Entry as well as with large scale projects on an ongoing basis.

Uniquely engineered so that numbers and directional keys can be used simultaneously, Users no longer need to constantly press the NumLock key, or even look at the NumLock LED, to change between numbers and directional keys. Now Numbers, Directional keys, and Special Functionality can be used simultaneously, faster and easier. The BIG TAB key moves the selection Right, while the BIG Enter key moves the selection Down and a WIDE Zero key for easier reach. All in all, The Truly Ergonomic Mechanical Keypad for Data Entry means easy navigation, and faster

Truly Ergonomic Numeric Keypad

and more comfortable Data Entry.

Manufactured with Mechanical switches for the ultimate in comfort and reliability, Truly Ergonomic keys contain actual springs and simply have a much better quality feel to them, making typing more pleasurable while requiring less effort, are more satisfying to use and less wearing on the body. The game-changing design of the Mechanical Keypad means an ergonomically correct and comfortable experience, no matter how long you are slaving over that huge numeric data entry project.

The Truly Ergonomic Mechanical Keypad for Data Entry also incorporates the all of the Special Functionality you are going to need: Home, End, Page up, and Page Down; along with unique shortcuts like Cut, Copy, Paste, Undo, Redo, and even Edit-Cell functionality. A Shift key is also included to extend the selection, allowing for fast Cut-Copy-Paste and faster and easier access to common symbols.

Now, everyone can have their own perfectly designed, reliable, multi-function numeric peripheral for tax seasons as well as their everyday budgeting, planning, costing and all special data entry projects for years to come.
