

SmartcanMax™ Named “F&B Safety Product of the Year”

EZ Dump Commercial Inc's. SmartcanMax™ Recognized by Trade Monthly Magazine as Food and Beverage Safety Product of the Year

PHOENIX, AZ, USA, March 8, 2017 /EINPresswire.com/ -- EZ Dump Commercial Inc. SmartcanMax™ was recently recognized as “F&B Safety Product of the Year” by Trade Monthly Magazine. Trade Monthly features contributions and comment from some of the food and beverage industry’s leading experts, commentators and innovators, and is read by the top CEOs, executives and professionals from across the market and around the world. SmartcanMax™ is the revolutionary waste receptacle recognized for providing safety, [ergonomic](#) and biometric advantages to end users.

“Innovation is at the core of our company, and SmartcanMax™ being chosen as F&B Safety Product of the Year is fantastic,” says Kiran “Raj” RajBhandary, CEO of EZ Dump Commercial. “We’re proud SmartcanMax™ provides safety to the food and beverage industry internationally, and is also easier to clean” says RajBhandary. “With more [companies](#) utilizing our revolutionary waste receptacle every day, this expands our vision to solve waste receptacle emptying and [injury](#) problems - a task conducted millions of times daily. We are focusing on the growth of our business, and continue to innovate by providing companies a safer product line for workers,” RajBhandary added.

Speaking on the Trade Monthly awards Rachel Davenport, Awards Coordinator said: “The food and drink industry has such a pivotal role in our daily lives; as such it requires only the most dedicated and hardworking individuals and firms to keep it going. I would like to congratulate every single one of the deserving winners and wish them the very best for the future.”

Solving a vexing problem, EZ Dump Commercial’s SmartcanMax™ seeks to eliminate the struggle and injuries associated with trash bag removal from traditional trashcans. When the user steps on a foot release pedal, it eliminates suction and vacuum, allowing the user to remove the can off the trash bag. The user can then remove the bag, using two hands at all times. “Trash removal is done millions of times daily, with the average back injury costing \$37,000 and rising. Trash and material handling is a significant cause and we are expanding our SmartcanMax™ product line, listening to customer feedback and responding accordingly,” says RajBhandary.

The Trade Monthly Annual awards are given solely on merit and are awarded to commend those most

SmartcanMax™ - World's Safest Toughest Easiest Waste Receptacle.

deserving for their ingenuity and hard work, distinguishing them from their competitors and proving them worthy of recognition.

###

ABOUT EZ DUMP COMMERCIAL INC.

EZ Dump Commercial Inc., is an innovative design and engineering company focused on the waste receptacle needs of the education, commercial/industrial and healthcare markets. With patented SmartcanMax™ users simply tie the trash bag closed, step on the foot release pedal, remove the lightweight body, and then easily discard the bag. By eliminating lifting the bag up and out from SmartcanMax™, this reduces the potential for injury, allowing the user to get in the proper removal position every time. SmartcanMax™ is one hundred percent recyclable, manufactured with sustainable and recycled materials and proudly Made in the USA.

Kiran RajBhandary CEO/Co-founder, EZ Dump Commercial Inc.
