

# Graphitii Software is Revolutionizing Cinemagraph Creation

*See this Graphitii discount, Graphitii review and the Graphitii bonuses + available only during the short launch period...*

LONDON, LONDON, ENGLAND, March 13, 2017 /EINPresswire.com/ -- Every now and then something small happens in the world that has a massive impact on the way the world goes about marketing. This time it was so small one might have missed it completely. Thing is, for something so small the results are off the charts. It's called Cinemagraph and can be now created easily with Graphitii.

The banner features the Graphitii logo (a stylized 'G' in a circle) on the left. To its right, the word 'GRAPHITII' is written in a white, sans-serif font. Below the logo and text, there is a dark grey rectangular box containing the text 'Designing Cinemagraphs the EAST way' in white, followed by 'Watch this DEMO' in large, bold, red letters. In the top right corner of the banner, there is a yellow text box with the text 'Click below to see my review and get my HUGE BONUS graphitii.info' in black and blue. The background of the banner is dark with a subtle, swirling pattern.

Graphitii Demo - Graphitii Review & Bonus

Cinemagraph like videos are boosting just about every key metric any marketer, anywhere, cares about.

- Organic blog reach is up by 71%

“

These days, attention is everything. If marketers don't have it, they lose. If they've got it, they win, and if they've got lots of it, they win big.”

*Andre Klein*

- Social media advertising is up by 34%

- Facebook engagement is up by 85%

- Twitter engagement up by 110%

- Even email engagement has been boosted by a massive 72%

That's an impressive boost, but what's more impressive is how easy it is to implement with Graphitii. See also here this [Graphitii Review](#)

These days, attention is everything. If marketers don't have it, they lose. If they've got it, they win, and if they've got lots of it, they win big.

Graphitii represents a technological leap, and this is why any marketer need to start using Graphitii if they want to keep attention on their marketing campaigns. Getting more attention doesn't get any easier than using Graphitii.

## What Are Cinemagraphs

In case the readers don't know what cinemagraphs are, here are some examples. But in short, it's combining video motion into a single static image. Users can see these cinemagraphs dominating blogs, newsfeeds and ads for a very long time to come. Not just because they're new. But because of

the way they trick the mind and create this weirdly unstoppable hypnotic effect.

Graphitii cinemagraphs make sure that what happens every time someone sees the marketing campaign. These days photographs and videos get lost in the feed. Marketers have to go to GRAB peoples' attention and instantly impress them.

That's why big brands like Mercedes and Gucci (and many more) have all been using Cinemagraphs.

Graphitii isn't about changing your marketing strategy. It's about massively improving the results of the marketing campaign. It all comes down to getting more attention, and with Graphitii anyone can increase this easily.

And that's not even the best part. The good bestis that for the next few days, interested marketers can get a Graphitii lifetime license at a fraction of the normal cost. Additionally there will be [Graphitii bonuses available](#)..., diverse products that complement Graphitii nicely.

Graphitii can be also considered a business in itself. The Cinemagraphs creates can be easily sold for \$50 or more on sites like Upwork. And since Graphitii lets marketers create Cinemagraphs in minutes, they could create 10, 20, 30 of them in a few hours

There's no need for a super-computer, there's no need to purchase and learn Photoshop, Graphitii is all in the cloud... and there's nothing to learn. If one can upload a video and click a mouse, then he's done. That's all there is to it!

Here's proof - See the [Graphitii Demo video](#) here...

This video's been put together to show what anybody will be able to do with Graphitii. Specifically, how Graphitii helps marketers create cinemagraphs that improve their customer's blog's reach, and increase social media engagement, while lowering the cost of any ads they run. It's something genuinely new... and it looks... well I'll let you enjoy

As shown on the Graphitii Demo video, there are a few simple steps to follow to create cinemagraphs in minutes:

- 1 Upload the video to Graphitii
  - 2 Select the parts of the video that are going to be static and dynamic
  - 3 Choose the video's thumbnail
  - 4 Generate and share the cinemagraph
- ...that's it

One should keep in mind that the Graphitii team is currently offering a lifetime license, for a very small fee one-off fee, but their offer is only good during this short launch.
