

Nevada Mesothelioma Victims Center Now Urges a Diagnosed Public Utility/Electrical Worker In Las Vegas or Reno To Call for Direct Access to The Nation's Most Skilled Compensation Lawyers

NEW YORK, NEW YORK, USA, March 23, 2017 /EINPresswire.com/ -- The Nevada Mesothelioma Victims Center says, "We are appealing to a public utility or electrical worker in Nevada who has recently been diagnosed with mesothelioma to call us anytime at 800-714-0303 so we can provide them with direct access to some of the nation's most skilled mesothelioma compensation attorneys who consistently get the best possible financial compensation results for their clients.

"When it comes to financial compensation for mesothelioma please don't allow you or your loved one to get shortchanged because you no way of determining what type of law firm or lawyer to hire. Hint-please don't hire a local car accident lawyer for something as complex as a mesothelioma compensation claim."

What makes Las Vegas or Reno so unique when it comes to asbestos exposure/mesothelioma is there is a significant concentration of public utility or electrical workers/electricians in these two metro areas because of casinos, tourism, and related industries. The metro areas of Las Vegas and Reno are also extremely popular retirement destinations for career military personal-because Nevada has no state income tax. US Navy Veterans make up about one third of all US Citizens who will be diagnosed with mesothelioma each year. <http://Nevada.MesotheliomaVictimsCenter.Com>

QUICK FACTS from the US Energy Information Administration

§ About 90% of the energy Nevada consumes comes from outside the state.

§ The 427-mile UNEV pipeline, opened in 2012, lets petroleum products from Salt Lake City area

refineries flow to Las Vegas; previously, Las Vegas obtained petroleum products from California pipelines.

§ Nevada generated 73% of its electricity from natural gas in 2015.

§ Nevada ranked second in the nation in utility-scale net electricity generation from geothermal energy and fifth in utility-scale net generation from solar energy in 2015; 13.5% of Nevada's net electricity generation in 2015 came from those two sources.

§ Nevada's Energy Portfolio Standard requires that 25% of electricity sales come from renewable energy resources by 2025; in 2015, 20.3% of net electricity generation came from geothermal, solar, wind, biomass, and hydroelectric power sources.

Very important tips about hiring a lawyer to assist with a mesothelioma financial compensation claim for a person with this rare cancer in Nevada from the Nevada Mesothelioma Victims Center: "If you are a public utility any type of electrical worker or a US Navy Veteran who has been recently diagnosed with mesothelioma in Nevada please don't hire a

“

local dog bite or car accident lawyer to assist with a mesothelioma compensation when the nation's leading mesothelioma attorneys will in all likelihood want to personally handle your compensation claim and possible litigation. Why settle for less?"

When it comes to financial compensation for mesothelioma please don't allow you or your loved one to get shortchanged because you no way of determining what type of law firm or lawyer to hire"
