[Funny Fairy Tales](#) Book Series
The new Snack-Book format of Ebooks,
by Reut Barak

A long time ago
in a faraway land
there lived a woman
who was allergic to dust.

A new and inspiring series, Funny [Fairy Tales](#) paints a fresh and humorous picture of popular fairy tales. Far from the traditional perception of good and evil, this series brings a new fun approach, and in the format of the Snack- Book, a special eBook that gives readers a personal experience.

The first two stories to launch are Snow White and the Seven Dwarfs and Cinderella.

"Mirror, mirror on the wall, who is the fairest of them all?" - Funny Fairy Tales 1 tells the story of Snow White as never told before, with the vicious queen Anagrola, the confused and sarcastic mirror Shraga, and the most gifted seven men in the history of fairy tales.

The glass shoes that created the best rags-to-riches story in the world?_ - Funny Fairy Tales 2 tells the story of a new Cinderella, with the mysterious blue fairy godmother Alice, the cunning step-sisters, and a woman, who for the life of her, just can't stop cleaning!

Both books are now live now on iBooks at:
