

Connected Medical Devices Market: Global Industry Analysis, Demand, Trend, Growth and Forecast to 2027

Connected Medical Devices Market information By Product, feature and by End User - Global Forecast to 2027

PUNE, MAHARASHTRA , INDIA , March 14, 2017 /EINPresswire.com/ -- Market Scenario:

“

Key Players: Animas Corporation, BL Healthcare, Body Media Inc., Boston Scientific, DexCom Inc., Docobo.”

Market Research Future

Connected medical devices are majorly used for the connected health solutions that replace the traditional healthcare practices. The connected medical devices helps in multiple ways such as the care providers can provide better efficiency and accountability to their customers/ patients, reduction in the cost of treatment and improved quality of treatments. The connected medical device market is expected to grow at end of the forecasted period due to technological advancements across the industry,

high adoption of smartphones, tablets, and other mobile platforms, applications in the management of chronic diseases, rising point of care, and advantages such as reduced nurses' time and reduced rate of patient readmission.

Key Players of [Connected Medical Devices Market](#):

- A&D Medical
- Aerotel
- Animas Corporation
- BL Healthcare
- Body Media Inc.
- Boston Scientific
- DexCom Inc.
- Docobo
- FitSense Technology

Market Segments:

Global Connected Medical Devices Market has been segmented on the basis of products which

include Software, BP Monitor, Tracker, ECG, CPAP, Holter, BiPAP, on the basis of feature which includes Communication, Networking, on the basis of Care which consists of Sleep Apnea, Blood Pressure on the basis of end users which includes Hospital, Patient, Clinic.

Study Objectives of Connected Medical Devices Market:

- To provide detailed analysis of the market structure along with forecast for the next 10 years of the various segments and sub-segments of the Global Connected Medical Devices Market.
- To provide insights about factors affecting the market growth.
- To Analyze the Global Connected Medical Devices Market based on various factors- price analysis, supply chain analysis, porters five force analysis etc.
- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia.
- To provide country level analysis of the market with respect to the current market size and future prospective.
- To provide country level analysis of the market for segments by product, by care, by feature, by end user and sub-segments.
- To provide strategic profiling of key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market.
- To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the Global Connected Medical Devices Market.

Brief TOC for Connected Medical Devices:

Introduction

1.1 Definition

1.2 Scope of the study

1.2.1 Research Objectives

1.2.2 Assumptions & Limitations

1.3 Market Structure

2 Research Methodology

2.1 Research Process

2.2 Primary Research

2.3 Secondary Research

2.4 Forecast Model

3 Report Excerpt

4 Forecast Indicators

4.1 Introduction

4.2 Growth Drivers

4.2.1 Technological Advancements across the industry

4.2.2 High Adoption of Smartphones, Tablets, and Other Mobile Platforms

4.2.3 Applications in the Management of Chronic Diseases

4.2.4 Rising Point of Care

4.2.5 Advantages such as reduced nurses' time and reduced rate of patient readmission

4.3 Growth Barriers

4.3.1 Data Theft and fraudulent due to lower of Security patient's data

4.3.2 Reluctance towards the usage of these devices over the traditional care methods

4.3.3 Interoperability Issues

4.4 Market Opportunities

4.4.1 Untapped Markets in Emerging Economies

4.4.2 The Shifting Trend Towards Telehealth

4.5 Macroeconomical Indicators

5 Market Analysis

5.1 Porter's Five Force

5.2 Supply Chain Analysis

5.3 Value chain Analysis

About Market Research Future:

At Market Research Future (MRFR), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.
