

Automotive Glazing Market Overview and Analysis about Manufacturing Cost Structure: Industry Forecast Report

Automotive Glazing Market Analysis by Application (Sidelite), Advanced Application (HUD), Vehicle Type (On-Highway Vehicles) and Region - Forecast to 2022

PUNE, MAHARASHTRA, INDIA, March 14, 2017 /EINPresswire.com/ -- Market Highlights

“We enable our customers to unravel the complexity.”

Market Research Future

[Glazing for Automotive Market](#) is growing rapidly, owing to factors such as improved balanced climate and increased privacy, comfort, & reduced energy demands of customers. The factors such as increased security and enhanced aesthetics are expected to be factors that drive the Glazing for Automotive Market demand. The demand of the market is further expected to be driven by the integration of ultraviolet filter glass which can help in considerably extending the life of material and fabrics of the automobile. However, cost and complexity pertaining to glazing are projected to hinder the growth of the market.

“

Major Key Players are Research Frontiers, American Glass Products, Fuyao Glass Industry Group Co. Ltd, Asahi Glass Co Ltd., Central Glass Co. Ltd., Guardian Industries Corporation, NordGlass”

Competitive Analysis-

Major Key Players in Glazing for Automotive Market are

- Pilkington Group Limited,
- Research Frontiers,
- American Glass Products,
- Fuyao Glass Industry Group Co. Ltd,
- Asahi Glass Co Ltd.,
- Central Glass Co. Ltd.,
- Guardian Industries Corporation,
- NordGlass,
- Pittsburgh Glass Works,
- PPG,
- Nippon Sheet Glass Company Ltd.

Market Research Analysis

Based on the advanced applications, hydrophobic glazing segment is expected to be the highest growing segment for glazing for automotive market, owing to features such as self-cleaning, reducing the foam in showers on the automobile windows. Other features such as anti-fogging, and acid resistance are also contributing to the growth of hydrophobic glazing for automotive.

Asia-Pacific region is expected to dominate the glazing for automotive market with the highest CAGR. Developing nations, in the region such as China and India are exhibiting a considerable growth due to growing health & safety concerns. The increase in demand of automotive due to the rise in the purchasing power, is also expected to contribute to the growth of this region

Access the market data and market information presented through more than 25 market data tables and 25 figures spread over 111 numbers of pages of the project report "[Global Glazing for Automotive Market - Forecast to 2022](#)"

Scope of the Report

This study provides an overview of the Global Glazing for automotive market, tracking three market segments across four geographic regions. The report studies key players, providing a five-year annual trend analysis that highlights market size, volume and share for North America, Europe, Asia Pacific (APAC) and Rest of the World (ROW). The report also provides a forecast, focusing on the market opportunities for the next five years for each region. The scope of the study segments the Global Glazing for automotive market by its application, advanced application, vehicle type and region.

About Market Research Future:

At [Market Research Future \(MRFR\)](#), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to

answer all their most important questions.
