

UV Curable Resins and Formulated Products Market Global Industry Analysis and Forecast to 2027

Global UV Curable Resins & Formulated Products Market Research Report, composition, application and by chemistry - Forecast to 2027

PUNE, MAHARASHTRA , INDIA , March 21, 2017 /EINPresswire.com/ -- Market Scenario:

Key Players: BASF SE, Alberdingk Boley GMBH, DSM AGI Corporation, Allnex Belgium SA/NV, Nippon Gohsei, Hitachi Chemical Company, Eternal Chemical.”

Market Research Future

UV Curable Resins & Formulated Products Market has seen a potential growth in the global market. Rising strict regulations on VOC (Volatile organic compound) emissions have led to the overall development of eco-friendly technologies like 100% UV and water borne UV to replace solvent borne UV. The major driving demand factor is high performance due to superior mechanical properties of UV curable resins. The major factors which can be key challenges to the global market could be high setting-up cost and others.

Key Players of UV Curable Resins & Formulated Products Market:

- BASF SE
- Alberdingk Boley GMBH
- DSM AGI Corporation
- Allnex Belgium SA/NV
- Nippon Gohsei
- Hitachi Chemical Company
- Eternal Chemical
- GM Resins
- Soltech Ltd
- Covestro
- Miwon Specialty Chemical
- Sartomer

Segments:

The Global UV Curable Resins & Formulated Products Market is segmented into compositions, which is segmented into Oligomer, Pigments, Monomer and Photoinitiator. On the basis of chemistry the market is segmented into Epoxy Acrylates, Non Acrylated & Oligoamines, Urethane Acrylates, Polyester Acrylates and others. On the basis of application the market is segmented into Plastic Coatings, Metal Coatings and Wood & Paper Coatings.

Study Objectives of UV Curable Resins & Formulated Products Market:

- To provide detailed analysis of the market structure along with forecast for the next 10 years of the various segments and sub-segments of the Global UV Curable Resins & Formulated Products Market.
- To provide insights about factors affecting the market growth.
- To Analyze the Global UV Curable Resins & Formulated Products Market based on various factors- price analysis, supply chain analysis, porter's five force analysis etc.
- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW).
- To provide country level analysis of the market with respect to the current market size and future prospective.
- To provide country level analysis of the market for segment by composition, applications and by chemistry.
- To provide strategic profiling of key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market.
- To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the Global UV Curable Resins & Formulated Products Market.
