

Embedded Technology Market Analysis, Size, Share, Industry Growth, Trends and Forecast 2016 - 2027

Embedded Technology Market by Platforms (Mobile, Web), Software (Operating Systems), Application (Automotive, Consumer Electronics, Aerospace)- Forecast to 2027

“ We enable our customers to unravel the complexity.”

Market Research Future

PUNE, MAHARASHTRA, INDIA, March

21, 2017 /EINPresswire.com/ -- Synopsis of Embedded Technology Market:

Market Segments

Key Players in market are Texas Instruments, Renesas Electronics Corporation, Infineon Technologies AG, Samsung , Microsoft Corporation, STMicroelectronics, NXP Semiconductors, Atmel Corporation”

Market Research Future

- Segmentation by Platforms: Mobile, Web, Cloud & On-Premise.
- Segmentation by Hardware: Processor IP, Microcontrollers and microprocessors Digital signal processors, ASIC (Application-specific integrated circuit), FPGA (Field processing gate arrays)
- Segmentation by Software: Operating Systems, Testing software, Open Source Software, Software Development.
- Segmentation by Application: Automotive, Consumer Electronics, Aerospace & Defense, Telecommunication, Healthcare among others.

Embedded Technology Industry News

- In June 2016, Infineon Technologies AG announced the new synchronous rectification on ICs in SMPS application.
- In April 2016, Texas Instruments announced the new microcontroller which will run on radio waves.
- In February 2016, Renesas Electronics Corporation announced the launch of R-Car D1 Series in system-on-chips (SoCs).

Market Overview

Embedded Technology is a computer system which comprises a set of hardware and specific software to perform certain set of tasks. In other words embedded technology is application specific system which serves in various industries. The main drivers for this market are increase in demand from automotive and telecommunication industry where as software plays very important role in this market so security for system becomes the market challenges.

Key Players in Embedded Technology Market

The prominent players in the market of embedded technology are-

- Texas Instruments (U.S.)
- Renesas Electronics Corporation (Japan)
- STMicroelectronics (Switzerland)
- Samsung (South Korea)
- Microsoft Corporation (U.S.)
- Infineon Technologies AG (Germany)
- NXP Semiconductors (Netherlands)
- Atmel Corporation (U.S.)
- Infosys Ltd. (India)

Access the market data and market information presented through more than 60 market data tables and figures spread in 110 numbers of pages of the project report "[Global Embedded Technology Market](#)"

Brief Table for Contents for Embedded Technology Market

1. Report Prologue

2. Introduction

2.1 Definition

2.2 Scope of the Study

2.2.1 Research Objective

2.2.2 Assumptions

2.2.3 Limitations

2.3 Market Structure

2.4. Market Segmentation

3. Research Methodology

3.1 Research Process

3.2 Primary Research

3.3 Secondary Research

3.4 Market Size Estimation

3.5 Forecast Model

4. Market Dynamics

4.1 Drivers

4.2 Restraints

4.3 Opportunities

4.4 Mega Trends

4.5 Macroeconomic Indicators

5. Market Factor Analysis

5.1 Value Chain Analysis

5.2 PORTERS Five Forces

5.3 Demand & Supply: Gap Analysis

5.4 Pricing Analysis

5.5 Investment Opportunity Analysis

5.6 Merger and Acquisition Landscape

5.7 NP-Coming trends in Embedded Technology Market

6. Embedded Technology Market by Platforms

7. Embedded Technology Market by Application

8. Embedded Technology Market by Hardware

9. Embedded Technology Market by Software

About Market Research Future:

At [Market Research Future \(MRFR\)](#), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.

In order to stay updated with technology and work process of the industry, MRFR often plans & conducts meet with the industry experts and industrial visits for its research analyst members.
