

LED and OLED Display Market expected to experience significant growth during the forecast period 2017-2027

LED & OLED Display Market Information, by Type (AMOLED (Active-matrix OLED), PMOLED (Passive-matrix OLED)), by Application (Commercial) - Forecast 2027

PUNE, MAHARASHTRA, INDIA, March 21, 2017 /EINPresswire.com/ -- Market Highlights:

The major growth driver of LED & OLED Display Market includes growing acceptance of LED in commercial & residential sectors, growing demand for flexible display products, and government regulations such as mandating OLED and LED lighting in public places among others.

However, lack of skilled employment and complex manufacturing process are the major factors which are hindering the growth of LED & OLED Display Market.

Major Key Players

- Corning (U.S.)
- Microchip Technologies (U.S.)
- Universal Display Corporation (U.S.)
- LG Electronics Inc.(South Korea)
- Sony Corporation (Japan)
- Samsung Electronics Co. Ltd. (South Korea).
- Panasonic Corporation (Japan)
- Philips Electronics (Netherland)
- OSRAM GmbH (Germany)

Key Players: Corning (U.S.), Microchip Technologies (U.S.), Universal Display Corporation (U.S.), LG Electronics Inc.(South Korea), Sony Corporation (Japan)”

Market Research Future

Industry News

- Universal Display Corporation has announced about its acquisition of BASF's OLED intellectual property on June 2016. BASF is one of the leading chemical industries in the globe. This acquisition would help in the development in commercial blue emissive system.
- Sony Europe has announced in August 2016 that it has acquired e SATURNUS NV, a Belgium Based company

which provides clinical video in medical field. This acquisition covers intellectual property rights and technological and software capabilities of the organization.

Market Segments

Segmentation by Type:

- Passive-matrix OLED (PMOLED),
- Active-matrix OLED (AMOLED),
- Organic LED,
- Inorganic LED
- High brightness LED

Segmentation by Application:

- Commercial,
- Residential
- Industrial

The report for [LED and OLED Display Market](#) of Market Research Future comprises of extensive primary research along with the detailed analysis of qualitative as well as quantitative aspects by various industry experts, key opinion leaders to gain the deeper insight of the market and industry performance.

Taste the market data and market information presented through more than 50 market data tables and figures spread in 110 numbers of pages of the project report. Avail the in-depth table of content TOC & market synopsis on [“LED & OLED Display Market Research Report- Global Forecast to 2027”](#)

Objective of LED & OLED Display Market Study:

- To provide detailed analysis of the market structure along with forecast for the next 10 years of the various segments and sub-segments of the Global LED & OLED Display market.
- To provide insights about factors affecting the market growth.
- To analyze the LED & OLED Display Market based on various factors- price analysis, supply chain analysis, porters five force analysis etc.
- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW).
- To provide country level analysis of the market with respect to the current market size and future prospective
- To provide country level analysis of the market for segment by type, by applications and sub-segments.
- To provide strategic profiling of key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market
- To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the Global LED & OLED Display market.

Americas

- North America
- US
- Canada
- Latin America

Europe

- Western Europe
- Germany
- France
- U.K
- Rest of Western Europe
- Eastern Europe

Asia- Pacific

Asia

- China
- India
- Japan
- South Korea
- Rest of Asia Pacific

The Middle East& Africa

The report gives the clear picture of current market scenario which includes historical and

projected market size in terms of value and volume, technological advancement, macro economical and governing factors in the market. The report provides details information and strategies of the top key players in the industry. The report also gives a broad study of the different market segments and regions.
