

Non-concentrating Solar Collector Market Projected to Post a Steady yet Significant CAGR of 12% from 2016 to 2022

Non-concentrating Solar Collector Market by Absorber Plates (Copper, Aluminum), Application (Residential, Commercial), and Region - Global Forecast to 2022

PUNE, MAHARASHTRA, INDIA, March 22, 2017 /EINPresswire.com/ -- Synopsis of Non-concentrating Solar Collector Market

Market Forecast

Market Research Future published a Half Cooked Research Report on Non-concentrating Solar Collector Market. The Global Non-Concentrating Solar Collector Market is expected to grow at a CAGR of about 12% during the forecast period, 2016 to 2022.

The leading players in market are Greenonetec, Soletrol, Prosunpro, Bosch Thermotechnik, Viessmann, Solahart, Vaillant Group, XNE Group, Dimas SA and Solimpeks. ”

Market Overview

Non-concentrating solar collectors are also known as flat plate collectors. Increased environmental concerns and rising awareness about the depleting non-renewable energy resources, negligible maintenance cost of these panels and increasing the investment in clean energy are the major driving factors for the non-concentrated solar

collector market. However high cost of photovoltaic cells is hampering the growth of non-concentrated solar collector market and it is expected to register a significant growth of 12% in the next six years.

European region dominate the non-concentrating solar collector market. This region is expected to grow at good pace during the forecast period.

Scope of the Report

This study provides an overview of the Non-concentrating Solar Collector System industry, tracking market segments across the categorized five geographic regions. The report provides a six-year forecast for the market size in terms of value for North America, Europe, Asia-Pacific, Middle East & Africa, and South America. The scope of the study segments the Non-concentrating Solar Collector System market based on Absorber Plate, and Application.

Access the market data and market information presented through more than 40 market data tables and figures spread in 100 pages of the report "[Non-concentrating Solar Collector Market-Global Forecast to 2022](#)"

About Market Research Future:

At [Market Research Future \(MRFR\)](#), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.

In order to stay updated with technology and work process of the industry, MRFR often plans & conducts meet with the industry experts and industrial visits for its research analyst members.
