

Wireless Electric Vehicle Charger Market Trends, Key Players Analysis, Applications Based on Technology-Forecast to 2027

Wireless Electric Vehicle Charging Market by Technology (Magnetic Resonance, Inductive Charging), by Component (Battery, AC/DC Power Adapter) - Forecast to 2027

“ We enable our customers to unravel the complexity.”

Market Research Future

PUNE, MAHARASHTRA, INDIA, March

23, 2017 /EINPresswire.com/ -- Synopsis of Wireless Electric Vehicle Charger Market:

Market Overview:

Key Players in market are ABB (Switzerland), Leviton (U.S.), WiTricity Corporation (U.S), Convenient Power HK Limited (Hong Kong), Siemens (Germany), Delphi Automotive (U.K.), Qualcomm (U.S.)”

Market Research Future

The major growth driver of [Global Wireless Electric Vehicle Charger Market](#) includes growing production and adoption of electric passenger car, growing investment on smart city technologies and financial incentives provided by government among others.

However, lack of standardization of product is one of the major factors which are hindering the growth of Wireless electric vehicle charger Market.

Industry News:

- Oak Ridge National Labs (ORNL) has announced in April 2016 that it has developed a wireless electric vehicle charger of having 20 kW capacities. The device would provide 90 % efficiency.
- Leviton has launched mini electric vehicle charging station in 2015. The station consists of feature which includes ground monitor interrupter circuit, and over temperature protection among others.

Key Players:

Some of the major players in Global Wireless Electric Vehicle Charger Market include:

- ABB (Switzerland)
- Deviton (U.S.)
- WiTricity Corporation (U.S)
- Convenient Power HK Limited (Hong Kong)
- Siemens (Germany)
- Delphi Automotive (U.K.)
- Qualcomm (U.S.)
- Bosch Group (Germany)

Market Segments

Global Wireless Electric Vehicle Charger Market can be segmented as follows:

- Segmentation by Technology: inductive charging, conductive charging, dynamic charging, magnetic resonance, among others.
- Segmentation by Component: Electromagnetic induction, wireless power receiver, rectifiers, power distribution box, vehicle receiver unit, ground transmission unit, and battery, among others

Regional Analysis of Wireless Electric Vehicle Charger Market:

North-America is expected to dominate the Global Wireless Electric Vehicle Charger Market with the largest market share due to government initiatives of reducing dependency on oil related product in the region which is creating profitable market for electric vehicle charging. Wireless Electric Vehicle Charger Market in Asia-pacific and Europe is expected to grow at a Healthy CAGR in forecasted period.

The reports also cover brief analysis of Geographical Region including:

Americas

- North America
- US
- Canada
- Latin America

Europe

- Western Europe
- Germany
- France
- U.K
- Rest of Western Europe
- Eastern Europe

Asia- Pacific

- Asia
- China
- India
- Japan
- South Korea
- Rest of Asia Pacific

The Middle East & Africa

About Market Research Future:

At [Market Research Future \(MRFR\)](#), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.

In order to stay updated with technology and work process of the industry, MRFR often plans & conducts meet with the industry experts and industrial visits for its research analyst members.
