

# Global Automotive Friction Brake System Market Scenario, Leading Players, Segments Analysis and Growth Drivers to 2022

*Automotive Friction Brake System Market Analysis and Forecast by Product Type (Drum Brake), Vehicle Type (Passenger Cars), Sales Channel (OEM's) and Region-2022*

PUNE, MAHARASHTRA, INDIA, March 23, 2017 /EINPresswire.com/ -- Market Highlights

“ We enable our customers to unravel the complexity.”

Market Research Future

Due to growth of Automotive Industry particularly in developing economies of the world, Friction Brake System Market for Automotive is expected to witness substantial growth over the forecast period. Furthermore, increasing concerns over safety forced the government mandates to

“

Major Key Players Delphi Automotive PLC, TRW Automotive Holdings Corp., Aisin-Seiki Co. Ltd., Federal-Mogul Corporation, Robert Bosch GmbH, Halla Mando Corporation, Haldex AB”  
*Market Research Future*

improve the vehicle safety as a result of which the demand is expected to be driven. Passenger Car and Commercial Vehicles are expected to lead the growth of automotive friction brake market. The North America is expected to dominate the market by Region. The segment accounted for approximately 60% market share in the Global [Automotive Friction Brake System Market](https://www.marketresearchfuture.com/reports/automotive-friction-brake-system-market).

## Competitive Analysis-

Major Key Players in Automotive Friction Brake System Market are:

- Robert Bosch GmbH,
- Delphi Automotive PLC,
- TRW Automotive Holdings Corp.,
- Akebono Braking Industry Corporation,
- Brembo S.P.A,
- Continental AG,
- Aisin-Seiki Co. Ltd.,
- Federal-Mogul Corporation,
- Halla Mando Corporation,
- Haldex AB

Research Analysis:

- The market is highly application based. Automotive Friction Brake System Market has witnessed considerable growth in countries such as China, India, and Brazil, owing to upcoming emission norms. Due to the increased vehicle production and lifespan of vehicles, the demand for brake friction products is growing.
- On the basis of Region, North America is estimated to be the fastest growing Automotive Friction Brake System Market. The U.S is the main contributor to the Friction Brake System Market for Automotive. While nations like China and India in the long run are expected to show strong increasing production volumes.
- On the basis of Vehicle, Passenger Car has the largest market share. Growth in R&D to improve vehicle safety coupled with government initiatives regulating standards for automobile safety is expected to propel demand over the forecasted period.

Access the market data and market information presented through more than 50 market data tables and 25 figures spread over 100 numbers of pages of the project report "[Automotive Friction Brake System Market- Forecast to 2022](#)"

#### Target Audience

- Manufactures
- Raw Materials Suppliers
- Aftermarket suppliers
- Research Institute / Education Institute
- Potential Investors
- Key executive (CEO and COO) and strategy growth manager

#### About Market Research Future

At [Market Research Future \(MRFR\)](#), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.
