Description

Wiseguyreports.Com Adds "Biostimulants -Market Demand, Growth, Opportunities and Analysis of Top Key Player Forecast To 2022" To Its Research Database

According to Statistics MRC, the Global Biostimulants market accounted for \$1.77 billion in 2015 and is expected to grow at a CAGR of 10.82% to reach \$3.64 billion by 2022. The market is expected to grow gradually due to growing importance for organic products in agriculture industry. Rising government funding and increasing concerns regarding sustainable agriculture has broaden the scope for biostimulant manufacturers. On the other hand, huge R&D costs and lack of awareness about biostimulants products are inhibiting the market.
