

# Florida Healthcare Law Firm Announces Outside General Counsel Program

*The Florida Healthcare Law Firm has announced a much needed new service for small hospitals in Florida – the FHLF Outside General Counsel Program.*

DELRAY BEACH, FL, USA, March 23, 2017 /EINPresswire.com/ -- “Unlike the “big guys,” small hospitals sometimes lack access to critical resources, like healthcare legal counsel. They may have a terrific local lawyer who understands the politics and personalities, but not an expert in health law with decades of experience in healthcare legal issues that hospitals routinely face” explains [Jeff Cohen](#), who is board certified as a specialist in healthcare law and leads the [Florida Healthcare Law Firm](#) with his over 30 years of experience. That’s one of the reasons why seasoned lawyer [David J. Davidson](#) joined the team last year.

“

He’s not only a terrific corporate lawyer. Dave has been involved in numerous healthcare transactions and has a deep understanding in negotiating the complexities of health law.”

*Jeff Cohen*

Davidson is a board certified healthcare lawyer with over 23 years as general counsel of a Florida hospital with over 500

beds and a member of the Florida Rural Hospital Association. How would your small hospital benefit from having a part-time team of healthcare legal experts with decades of experience helping hospitals comply with the law, implement innovative business transactions and avoid enormous legal risk? And what if that team wasn’t part of a large firm with large firm fees and young lawyers learning on your dime?

Dave received both his Bachelor of Arts degree and his Juris Doctor degree from the University of Florida, and has been recognized for his legal work by several organizations. He is a member of several health law related associations, including the American Health Lawyers Association and the Health Law Section of the American Bar Association. He is also rated “AV Preeminent” by the Martindale-Hubbell Lawyer Directory.

“He’s not only a terrific corporate lawyer. Dave has been involved in numerous healthcare transactions and has a deep understanding in negotiating the complexities of health law,” says Cohen.

The Florida Healthcare Law Firm creates peace of mind and success for healthcare providers and businesses around some of the most significant opportunities and issues they face. Clientele includes physicians, and many other healthcare professionals like chiropractors and many healthcare businesses, such as medical practices, addiction treatment facilities, labs and hospitals. Founder Jeff Cohen’s expertise includes business transactions, healthcare business strategic design, and comprehensive plans designed for regulatory compliance and ensuring payor reimbursement. Additionally, the team of attorneys works with telemedicine issues, surgery and imaging centers, professional licensing board matters, Med Spas, anti-aging clinics, payor disputes, MD/DC arrangements, hospital based physician practices, medical staff matters, Stark Law and Anti-Kickback Law compliance, fraud and abuse, and all manner of regulatory compliance for healthcare professionals and healthcare businesses.
