

Dentures in Easton Are Now More Affordable with the Help of ADS

The newest location of Affordable Dental Solutions in Easton has full dentures for only \$495 per arch.

EASTON, PENNSYLVANIA, UNITED STATES, April 24, 2017 /EINPresswire.com/ -- While some dental offices may charge patients up to \$5,000 for dentures, Affordable Dental Solutions (ADS) is bringing affordable full and [partial dentures](#) to Easton.

[Full dentures](#) start at only \$495 per arch, while partial dentures start at only \$595 per arch. No other area dentist offers quality dentures at such low prices.

However, even when costs are low, the experts at ADS promise that the quality of their dentures is high. The dental office has partnered with the nation's top manufacturers and has negotiated deals and discounts with them. These deals are then passed on to patients.

“At ADS, we believe that no patient should be turned away from the dental care he or she needs simply because costs are too high,” explains Dr. Gary Greenberg, dentures professional at ADS.
