

Aerobridge 2017 Global Market Size, Status and Forecast to 2021

WiseGuyReports.Com Publish a New Market Research Report On – “Aerobridge 2017 Global Market Size, Status and Forecast to 2021”.

PUNE, INDIA, March 24, 2017 / EINPresswire.com/ --

The analysts forecast the [global aerobridge market](#) to grow at a CAGR of 5.85% during the period 2017-2021.

Aerobridges were mainly introduced for passenger comfort. Passengers with disabilities face difficulty in climbing up and down the stairs laid on the apron to board a flight. These passengers usually require the help of crew to board and disembark from an aircraft. This slows down the boarding process and increases the layover time for flights causing delays. Use of aerobridges assist such passengers with mobility impairments and allow smoother operations. Aerobridges also shelter passengers from the weather, engine blast, and dust.
