

Process Safety Systems 2017 Global Market Expected to Grow at CAGR 4.58% and Forecast to 2021

WiseGuyReports.Com Publish a New Market Research Report On – “Process Safety Systems 2017 Global Market Expected to Grow at CAGR 4.58% and Forecast to 2021”.

PUNE, INDIA, March 27, 2017 /
EINPresswire.com/ --

The analysts forecast the global [process safety systems market](#) to grow at a CAGR of 4.58% during the period 2017-2021.

The process safety systems market covers emergency shutdown systems (ESS), fire and gas systems (F&G), high-integrity pressure protection systems (HIPPS) and burner management systems (BMS). All these process safety systems aid in enhancing system safety and thereby increase the overall plant process line. The process safety systems focus on reducing the risks of fires, discharge of toxic gases, and local fires.

Covered in this report

The report covers the present scenario and the growth prospects of the global process safety

systems market for 2017-2021. To calculate the market size, the report considers the sales and services market.

The market is divided into the following segments based on geography:

- APAC
- EMEA
- Americas

The report, Global Process Safety Systems Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- ABB
- Honeywell International
- Rockwell Automation
- Siemens
- Yokogawa Electric

Other prominent vendors

- Emerson Electric
- Esoteric Automation
- General Electric
- HIMA Paul Hildebrandt
- Johnson Controls
- OMRON
- Schneider Electric

Market driver

- Increase in process automation among end-users
- For a full, detailed list, view our report

Market challenge

- Shortage of skilled labor to maintain and operate automation systems
- For a full, detailed list, view our report

Report Details @ <https://www.wiseguyreports.com/reports/1095166-global-process-safety-systems-market-2017-2021>

Market trend

- Development of customized safety systems
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table Of Contents – Major Key Points

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

Key market highlights

PART 05: Market landscape

Market overview

Market size and forecast

Five forces analysis

PART 06: Market segmentation by product

Global process safety systems market

Global process safety systems market by ESS

Global process safety systems market by F&G

Global process safety systems market by BMS

Global process safety systems market by HIPPS

PART 07: Market segmentation by end-user

Market overview

Global process safety systems market in oil and gas industry

Global process safety systems market in chemical and petrochemical industry

Global process safety systems market in power industry

Global process safety systems market in other industries

PART 08: Geographical segmentation

Global process safety systems market by geography

Process safety systems market in APAC

Process safety systems market in EMEA

Process safety systems market in Americas

PART 09: Market drivers

Increase in process automation among end-users
Sustainable risk reduction in hazardous operations
Improving safety standards and related developments

PART 10: Impact of drivers

PART 11: Market challenges

Shortage of skilled labor to maintain and operate automation systems
Maturity of market in Europe and Americas
Risks and threats that impact oil and gas industry
