Segments for Control Valve Market:

Segmentation by Types:

- Ball valve
- Butterfly valve
- Cryogenic valve
- Globe valve among others

Segmentation by Components:

- Positioners
- Switches
- Transducers
- Actuators
- PLC diagnostic software,
- Pneumatic lock up systems among others.

Segmentation by End-Users:

- Oil & gas,
- Chemicals,
- Food & beverage,
- Automotive,
- Metal & mining
- Pharmaceuticals among others.

Commenting on the report, an analyst from Market Research Future (MRFR)'s team said: "The growing demand of control valve in oil & gas sector followed by power generation industry is the key trend for the market growth. Other industry such as automotive, pharmaceuticals, and chemical is showing high growth opportunity for control valve market.

Rising investment in automation by industries is driving the control valve market. Growing development of oil extraction infrastructure and increasing government concern & support towards heavy investment in the sector is supporting American & Asia-Pacific countries to develop strong profitable market of control valve system in the region."
