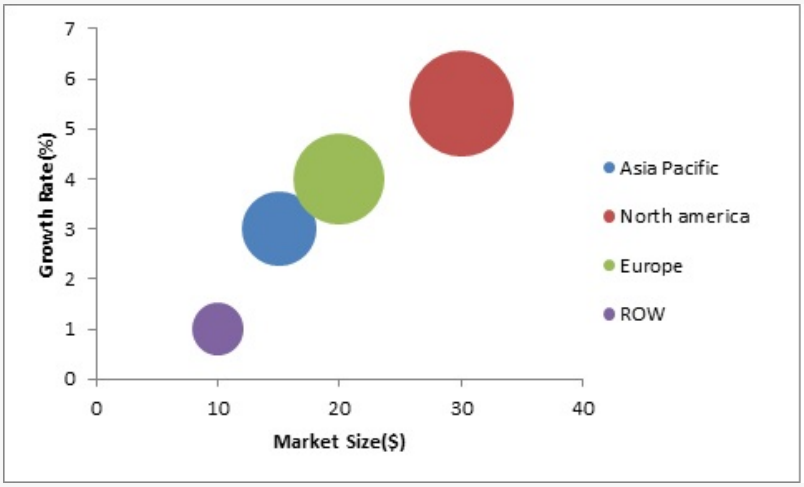
Automatic Transmission Market 2016: Global Manufacturers Analysis, Emerging Trends and Forecast to 2022

The global market automatic transmission is expected to grow at a CAGR of about 6% during the forecast period, 2016 to 2022



Automatic transmission Market, by Region

PUNE, MAHARASHTRA, INDIA, April 7, 2017 /EINPresswire.com/ -- Market Highlights
Transmission system has evolved to provide better performance in the vehicle. Manufacturers of transmission systems are competing to develop fuel efficient systems without compromising on the performance of vehicle. Automatic transmission is preferred over the manual transmission. The reason behind the inclination towards automatic transmissions is fuel efficiency, increased power requirement, and increased comfort level. Automatic transmission car are very much popular in the North America due to stringent emission and fuel efficiency regulation. Enhanced driving experience with respect to auto gear shifting & improved acceleration, increasing vehicle production, and increasing need for fuel efficient systems by the vehicle has driven the Automatic Transmission Market

North American and European region has stringent emissions and fuel efficiency regulations. Manufacturers and suppliers are developing a transmission system to comply with the emission norms in the market. The North America and European region has seen rapid growth in the market of automotive transmission for its fuel efficiency feature. The higher technology development in the region is also a driving factor for the growth of continuous variable transmission market.

Key Players:
•Magna International Inc.
•Aisin Seiki Co., Ltd.
•ZF Friedrichshafen AG
•Getrag
•Jatco Ltd.
•Eaton Corporation PLC.
•Continental AG
•Allison Transmission Inc.
•Borgwarner Inc.
•GKN PLC

Scope of the report
This study provides an overview of the global automatic transmission industry, tracking market segments across the categorized four geographic regions. The report provides a six-year forecast for the market size in terms of value for North America, Europe, Asia-Pacific, and Rest of the world. The scope of the study segments the global automatic transmission market based on type, vehicle type, and fuel.

Target Audience
- Automatic transmission manufacturer/dealer/supplier.
- Raw material Provider
- Government and research organization
- Investment bankers and M&A Consultants

This research report has provided the insights, on various levels of analyses such industry analysis, market share analysis leading market players and their profiles. This report also helps in studying the target segments by providing views on emerging & high-growth segments and market conclusion. Together the market data comprise and discuss with the basic assessments on the competitive scenarios & strategies, of the global Automatic transmission market, including the high-growth regions, countries and their political, economic, and technological environments. Furthermore, the project report also provides the views over the historical market values as well as, pricing and cost analysis of the same.
