

Global Security Solutions Market is Expected to Grow at a CAGR over 11% From 2016 to 2022

Global Security Solutions Market by Product (Video surveillance), Services (Remote Monitoring Services) and End-users (Commercial) - Forecast to 2022

PUNE, MAHARASHTRA, INDIA, April 7, 2017 /EINPresswire.com/ -- Market Highlights

The design of efficient and sophisticated security systems with user-friendly installation features enabled by wireless technology is the key factor fuelling the growth of the market. Furthermore, availability of remote monitoring with proper insurance policies is expected to boost the market over the forecast period.

Whereas, large initial investment and cost of maintenance of the equipment along with lack of awareness regarding technological enhancements are hampering the market.

It is the defense of digital information and IT assets against internal and external threats.

“

Major Key Players are Honeywell International, Inc. (U.S.), Tyco International Ltd (U.S.), Godrej & Boyce Manufacturing Company Limited (India), Bosch Security Systems (Germany), ASSA ABLOY AB (Sweden)”

Market Research Future

Defense includes detection, prevention and response to threats using policies, software tools and IT services.

Increasing consumer awareness & security concerns, willingness to invest for security systems, growing demand for the use of wireless technology in security systems and adoption of IoT-based security systems are majorly driving the growth of the market.

The wireless systems are not only easy to install but it helps to improve the interactive monitoring services of a system and can be remotely operated which makes it easy to use.
