[SubscriberWise](#), the nation's largest issuing CRA for the communications industry and the leading advocate for children victimized by identity fraud, announced today the urging to all consumers who plan to obtain a car rental to exercise extraordinary diligence with the notation of pre-existing damage. This critical announcement follows two -- back-to-back -- Avis Car Rental vehicles that company founder [David Howe](#) was asked to drive, each containing significant damage and unacceptable condition. The condition was documented with each vehicle in its assigned space, located at the Avis rental lot at the West Palm Beach International Airport on Monday, April 10, 2017.

“

...the condition of the vehicles that I was asked to rent left me speechless.”

David Howe, National Child Guardian

“Yesterday I scheduled a one-way rental from West Palm Beach International Airport to SW FL Fort Myers International Airport,” said David Howe, SubscriberWise founder and Enterprise Holdings fraud victim. “Although there was nothing predatory or criminal with this rental, the condition of the vehicles that I was asked to rent left me speechless.

“Upon the initial walkaround of the first vehicle, I noticed damage to the driver-side door panel. I immediately launched

my camera and took several photographs.
