

Civil Aerospace Simulation and Training Market by Trends, Drivers, Strategies, Applications & Competitive Landscape 2021

Orbis Research has added Report on "Global Civil Aerospace Simulation and Training Market 2017-2021" to its Database.

DALLAS, TX, UNITED STATES, April 12, 2017

/EINPresswire.com/ -- About Civil Aerospace Simulation and Training Market, A civil flight simulator recreates the aircraft flight environment and various aspects of flight artificially for pilot training purposes on civil and military aircraft. There are two types of training: initial training for new pilots and recurrent training for existing pilots. Flight simulators cover simulation in the aircraft, environment, and cueing.

Analysts forecast the Global Civil Aerospace Simulation and Training Market to Grow at a CAGR Of 4.51% During the Period 2017-2021.

Covered in this report

The report covers the present scenario and the growth prospects of the global civil aerospace simulation and training market for 2017-2021. To calculate the market size, the report considers the revenue generated from the money spent by each of the three regions (Americas; Europe, the Middle East, and Africa [EMEA]; and Asia-Pacific [APAC]) into manufacturing and acquiring these FFSs and FSTDs.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

Global Civil Aerospace Simulation and Training Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Other prominent vendors

- Airbus
- ECA GROUP
- FRASCA International
- Lockheed Martin
- SIMCOM Aviation Trainin

Market driver

- Growth in commercial aircraft deliveries and demand for pilots

Market challenge

- Simulation skills may not suffice in real life crisis

Market trend

- Monopoly through M&A despite multiple stakeholders

Key questions answered in this report

What will the market size be in 2021 and what will the growth rate be?

What are the key market trends?

What is driving this market?

What are the challenges to market growth?

Who are the key vendors in this market space?

What are the market opportunities and threats faced by the key vendors?

What are the strengths and weaknesses of the key vendors?

Exhibit 15: Civil aerospace simulation and training market in Americas 2016-2021 (\$ millions)

About Us:

Orbis Research is a single point aid for all your Market research requirements. We have vast database of reports from the leading publishers and authors across the globe. We specialize in delivering customised reports as per the requirements of our clients. We have complete information about our publishers and hence are sure about the accuracy of the industries and verticals of their specialisation. This helps our clients to map their needs and we produce the perfect required Market research study for our clients.
