

# Chinese Real and Compound Chocolate Industry Analysis and Major Key Players Research Report- 2022

---

*Category (boxed assortments, countline, tablets, chocolate confectionery, others), By Distribution Channel (store-based, non-store based, and others)*

PUNE, MAHARASHTRA, INDIA, April 12, 2017 /EINPresswire.com/ -- Real chocolate contains cocoa butter & cocoa liquor extracted from the cocoa or cacao bean, tempering of real is chocolate is done so as to restructure the cocoa butter crystals. Compound chocolate contains cocoa butter replacer on a higher percent with other chocolate ingredient and coco powder is used instead of cocoa liquor, here tempering process is not required as cocoa butter is replaced by vegetable oil & fats. Real chocolate is processed and packaged mainly for direct consumers, artisans and Compound chocolate is mainly processed and packaged for industrial use, bakeries, confectioneries etc.
