Market Segmentation

Segmentation by Models:

- Security Service
- Infrastructure as a Service (IaaS)
- Software as a Service (SaaS)
- Platform as a Service (PaaS)
- Cloud Business Process as a Services (BPaaS)

Segmentation by Deployment:

- Public
- Private
- Hybrid Clouds

Segmentation by End Users:

- BFSI
- Manufacturing
- Retail
- Energy
- Logistics
- R&D
- Media & Entertainment
- Education

The report gives the clear picture of current market scenario which includes historical and projected market size in terms of value, technological advancement, macro economical and governing factors in the market. The report provides details information and strategies of the top key players in the industry. The report also gives a broad study of the different market segments and regions.
