

Application Specific IC (ASIC) 2017 Global Market Expected To Grow At CAGR 17.01% And Forecast To 2021

The analysts forecast the global application specific IC market to grow at a CAGR of 17.01% during the period 2017-2021.

PUNE, INDIA, April 19, 2017 /EINPresswire.com/

--

[Global Application Specific IC \(ASIC\) Market](#)

Description

ASIC is a microchip, designed for a specific application or purpose. ASICs are manufactured with custom designs as per the device configuration or end-user specification. The different microprocessors and memory cores are being included in an ASIC, which enables the limited software programmability with the software algorithm performed on the device. An ASIC is found in all the electronic devices, and its uses can range from custom rendering of images to sound conversion. Digital circuits are a common form of ASIC.

Covered in this report

The report covers the present scenario and the growth prospects of the global application specific IC market for 2017-2021. To calculate the market size, the report estimates include the sales of ASICs in several products, including augmented reality (AR) and VR, automobiles, laptops, PC monitors, smart bands, smartphones, smartwatches, tablets, and TVs.

Get Sample Report @ <https://www.wiseguyreports.com/sample-request/1184750-global-application-specific-ic-asic-market-2017-2021>

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

The Global Application Specific IC Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors

operating in this market.

Key vendors

- Analog Devices
- Infineon Technologies
- STMicroelectronics
- Texas Instruments

Other prominent vendors

- Linear Technology
- Maxim Integrated
- NXP Semiconductors
- ON Semiconductors
- Renesas Electronics
- Skyworks Solutions

Market driver

- Increased use in consumer electronics.
- For a full, detailed list, view our report

Market challenge

- Fluctuations in foreign currency.
- For a full, detailed list, view our report

Market trend

- Rising penetration of ASICs in electric vehicles.
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table of Contents -Major Key Points

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

- Key market highlights

PART 05: Market landscape

- Market overview
- Market size and forecast by unit shipment
- Market size and forecast of ASICs by revenue
- Five forces analysis

PART 06: Market segmentation by design

- Market overview

PART 07: Market segmentation by product

- Market overview
- Global smartphone ASIC market
- Global TV ASIC market
- Global PC ASIC market
- Global automotive ASIC market
- Global tablet ASIC market in tablet
- Global laptop ASIC market
- Global smartwatch ASIC market
- Global smart band ASIC market
- Global AR and VR ASIC market

PART 08: Geographical segmentation

- Market overview

PART 09: Key leading countries

PART 10: Decision framework

PART 11: Drivers and challenges

- Market drivers
- Impact of drivers on key customer segments
- Market challenges
- Impact of challenges on key customer segments

PART 12: Market trends

- Growth prospects in IoT and big data
- Rising penetration of ASICs in electric vehicles
- Growth of ICs in VR, drones, and robotics
- Shifting from aluminum to copper interconnections

PART 13: Vendor landscape

- Competitive scenario

PART 14: Key vendor analysis

- Analog Devices
- Infineon Technologies
- STMicroelectronics
- Texas Instruments
- Other prominent vendors

About Us

Wise Guy Reports is part of the Wise Guy Consultants Pvt. Ltd. and offers premium progressive statistical surveying, Industryresearch reports, analysis & forecast data for industries and governments around the globe. Wise Guy Reports understand how essential statistical surveying information is for your organization or association. Therefore, we have associated with the top publishers and research firms all specialized in specific domains, ensuring you will receive the most reliable and up to date research data available.
