

Georgia Mesothelioma Victims Center Now Offers a Recently Diagnosed Power Plant or Energy Worker in Georgia Instant Access to The Nation's Most Skilled Attorneys for Compensation

NEW YORK, NEW YORK, USA, May 3, 2017 /EINPresswire.com/ -- The Georgia Mesothelioma Victims Center says, "We are urging a power plant or energy worker in Georgia who has just been diagnosed with mesothelioma or their family members to call us anytime at 800-714-0303 for instant and direct access to some of the nation's most skilled and experienced mesothelioma attorneys. These legal specialists are experts when it comes to seeing to it that a power plant or energy worker anywhere in the nation receives the best possible financial compensation for this rare cancer caused by asbestos exposure.

"Georgia has almost every type of imaginable power plant-including four existing nuclear power plants. Georgia Power also operates over a dozen coal fired power plants and 19 hydro-electric facilities in the state. One thing that we find with power or energy workers is frequently they learned their skill or trade in the US Navy. The US Navy operates the most nuclear reactors in the world compared to any other nation's navy.

“

Call us anytime at 800-714-0303 for instant and direct access to some of the nation's most skilled and experienced mesothelioma attorneys”

"A US Navy Veteran who learned how to maintain or work on reactors in the navy has a very valuable skill that is in high demand in the private sector. If a power or energy worker in Georgia who has been diagnosed with mesothelioma was also exposed to asbestos in the US Navy the compensation claim for this individual can easily exceed a million dollars as we would like to discuss anytime at 800-714-0303."
