

Com4Green Keeping Supply Chain Logistics Environmentally Friendly

Com4Green's Green Logistics Network will be attending Transport Logistic held in Munich, Germany May 09-12, 2017

FRANKFURT, GERMANY, April 24, 2017

/EINPresswire.com/ -- Com4Green, a global network of logistics companies sharing the vision of sustainable environmentally friendly cargo transportation and supply chain management, will be attending Transport Logistic held in Munich, Germany May 09-12, 2017. Transport Logistic is the world's leading trade fair for logistics, mobility, IT, and supply chain management.

Com4Green has formed the first Global [Green Logistics](#) Network that integrates [Supply Chain Cloud Technology](#) with Sustainable Environmentally Friendly Logistics. Com4Green's [Green Logistics Network](#) creates a positive ecological business culture with the highest priority on avoiding pollution and protecting the natural resources.

Com4green believes organizations have a social responsibility to promote our planet's well-being by incorporating green business practices into how their products are transported. Transportation is a major contributor in global climate change. Green Logistics involves effective and efficient equipment utilization, changes in modes of transportation toward carbon-neutral shipping options, and making better environmentally responsible choices. Using Com4Green's Green Logistics Carbon-Emission Modeling powered by Freightgate, shippers and logistics providers will be able to generate different rate and routing scenarios that compare operational, financial and environmental impact of their supply chain in real-time.

Com4Green is seeking GREEN LOGISTICS EXPERTS to join their global community providing the best environmentally-friendly transport alternative and handling in each airports and ports around the globe.

Meet Com4Green at the Transport Logistic held in Munich, Germany starting on 09th May, 2017. Transport Logistic is the world's leading trade fair for logistics, mobility, IT, and supply chain management. To schedule a meeting, please complete form at: <http://com4green.net/company/contact/> or call Werner Eyhorn Com4Green CEO at +49 151 54440544 (Germany). Join the vision Com4Green shares and be a part of something bigger – a green future.

About Com4Green - Green Logistics Network
