

Knee Implants Market expected to reach \$7 Billion by 2021

he three large players in the knee implants market are Zimmer Biomet, DePuy Synthes and Stryker combined, they comprise almost more than 80% of the market

PUNE, INDIA, April 24, 2017 /EINPresswire.com/ -- [Global Knee Implants Industry](#)

Latest Report on Knee Implants Market Global Analysis & 2021 Forecast Research Study

The global market overview for knee implants looks promising considering advances in computer-assisted total knee implants as well as other technological platforms. The knee implants market will continue to grow due to an aging population in much of the world. Increasing life spans and lifestyles impact the number of individuals with knee subject to failure, thereby increasing demand for knee replacement procedures. Additionally, the growing health awareness among masses, along with increase in the spending capacity of the population are propelling the market growth.

Long-term Outlook: Global knee implants market is projected to reach more than US\$ 7 Billion by 2021, at a CAGR of XX% from 2016 to 2021.
