Among all end-uses, the advanced glass is gaining importance in the automotive industry. The advanced glass is used in automotive photovoltaic roof systems for actively supplying power to the vehicle and substantially reducing the reliance on conventional sources of energy. The advanced glass helps automobile manufacturers to meet sustainability requirements by producing and using high performance infra-red reflecting and advanced infra-red absorbing glazing. APAC region is expected to be the fastest growing region during the forecast period due to huge investments from existing key players in the region. The adoption of various growth strategies by the companies and huge investments in research and development for development of technically advanced unique products is also expected to drive the growth of the market. North America region is also expected to grow at a relatively slow pace during the forecasted period due to the existence of good infrastructure in the region.

This study provides an overview of the [global advanced glass market](#), tracking two market segments across four geographic regions. The report studies key players, providing a five-year annual trend analysis that highlights market size, volume and share for North America, Europe, Asia Pacific (APAC) and Rest of the World (ROW). The report also provides a forecast, focusing on the market opportunities for the next five years for each region. The scope of the study

segments the global [advanced glass market](#) by its type, end- user and region.

By Type

- Laminated Glass
- Tempered Glass
- Others

By End- user

- Construction
- Infrastructure
- Automobiles
- Electronics
- Others

By Region

- North America
- Asia Pacific
- Europe
- Rest of the World

Key Players

The key players of advanced glass market are

- Murata Manufacturing Co Ltd (Japan)
- American Precision Glass Corp (U.S.)
- Atheer, Inc. (U.S.)
- Murix Corporation (U.S.)
- Thermoseal Industries LLC (U.S.)
- Backerland Glass Products Inc. (U.S.)
- Nippon Sheet Glass Co., Ltd (Japan)
- DoorsTek, Inc. (U.S.)
- Saint-Gobain Glass (India)
- SCHOTT AG (Germany)

Company Information

- Profiling of 10 key market players
- In-depth analysis including SWOT analysis, and strategy information of related to report title
- Competitive landscape including emerging trends adopted by major companies

The report for advanced glass market of Market Research Future comprises of extensive primary research along with the detailed analysis of qualitative as well as quantitative aspects by various industry experts, key opinion leaders to gain the deeper insight of the market and industry performance. The report gives the clear picture of current market scenario which includes historical and projected market size in terms of value, technological advancement, macro economical and governing factors in the market. The report provides details information and strategies of the top key players in the industry. The report also gives a broad study of the

different market segments and regions.
