

Global Car Air Purifier Market sales was 232 Million Units Forecast to 2022 - Foresight Research

Car Air Purifier Market is expected to grow at a CAGR over 7% post 2022, car air purifier sales was 232 million units | Car Air Purifier Market

PUNE, MAHARASHTRA, INDIA, April 25, 2017 /EINPresswire.com/ -- Market Highlights

Car air purifier is a device which removes contaminant from the air inside the car cabin and refreshes the air by emitting negative ions, and by using HEPA filters, photo-catalyst,

electrostatics and UV lamp technologies air purifiers are designed for vehicles which tend to utilize the negative ions, ozone or fan powered designed technologies like HEPA. Some purifiers are designed keeping in mind people suffering from asthma, such purifiers can make air free from all kinds of contaminants causing allergies so that patients get to breathe pure air, it also

help in getting rid of second hand smoke. Fine and ultrafine particles are minor components by weight but they are significant by number, which makes them dangerous to health. Globally the market for car air purifier is expected to grow by 6.47% from 2016 to 2022.

Major Key Players : PHILIPS (Netherlands), SHARP (Japan), Panasonic (Japan), Agcen , VOSSON, Purafil (U.S.), Cixi Landsign Electric Appliance Co., Ltd. (China), Ionkini Technology Co., Ltd."

Key Findings

- China Is Leading The Market With An Estimated Share Of More Than 50% In The Year 2016
- In 2016, Desktop Type Car Air Purifier Has More Than 50% Market Share And It Is Growing At CAGR Of 7.48%

Market Forecast

Cheap price and portability of lighter type air purifier driving its sales in market. It is popular among smokers as it significantly reduce smoke and odour present inside car cabin. Ionizer emits negative ions which increase the sense of well-being and mental clarity by removing and debilitating effect of excessive positive ions inside car. There is a growing awareness of risks of air pollution as well as respiratory problems which can effect on mental health, cardiovascular condition and child development is helping the growth of the market In 2011, global car air purifier sales was 232 million units. While in 2016, it increased to 329 million units with an average increase rate of 7.34% during 2011-2016. These factors will play a key role in the growth of Car Air Purifier market at the CAGR of 6.4% during 2016-2022.

Key Players

- Philips (Netherlands)
- SHARP (Japan)
- Panasonic (Japan)
- Aegion (Germany)
- Xosson (China)
- Burafile (U.S.)
- ZEPST (Zhongzhi Environmental protection) (China)
- Inkini Technology (GZ) CO.Ltd.(China)

Regional Analysis

The global car air purifier market is segmented into North America, Europe, and Asia Pacific along with rest of the world (RoW). Among this Asia Pacific region is dominating the Car Air Purifier market followed by Asia Pacific. Car air purifier manufacturers are mainly concentrated in China and Europe. The two regions are also the major consumers of car air purifiers. In 2015, Europe and China took 30% and 59% share respectively in the global consumption market. In the future, it is predicted that global car air purifier's demand will keep increasing as more and more awareness of pollution hazards to health. Some regions, such as China and India, will become the most potential market for car air purifiers. Market participants think that car air purifier market will also face fiercer competition in the coming years

Segmentation

By Type - lighter type and desktop type

By Application - private vehicle, commercial vehicle and others

By Regions - North America, Europe, Asia-Pacific and ROW

By Application analysis-

Car air purifier majorly used in private vehicles compare to commercial vehicles. Private vehicle application of car air purifier contributes more than 65% market share and it's growing at the rate of 6.5% during period 2016-2022. Car air purifier application is mainly dominated by private and commercial vehicles only, other application such as in home or hospital are declining at the rate of -2.26% as consumers are being very specific while choosing air purifier for home, offices

and hospitals.

Taste the market data and market information presented through more than XX market data tables and XX figures spread over 86 numbers of pages of the project report. Avail the in-depth table of content TOC & market synopsis on “Global Car Air Purifier Market Research Report-Forecast to 2022”.

Table of Content

1 Industry Overview of Car Air Purifier

2 Manufacturing Cost Structure Analysis of Car Air Purifier

3 Technical Data and Manufacturing Plants Analysis of Car Air Purifier

3.1 Capacity and Commercial Production Date of Global car Air Purifier major Manufacturers In 2015

3.2 Manufacturing Plants Distribution of car Air Purifier Major Manufacturers In 2015

3.3 R&D Status And Technology Source Of Car Air Purifier major Manufacturers In 2015

4 Market Segment by Regions

4.1 North America

4.2 China

4.3 Europe

4.4 Southeast Asia

4.5 Japan

4.6 India

5 Global Car Air Purifier Overall Market Overview

5.1 2011-2016e Overall Market Analysis

5.2 Capacity Analysis

5.2.1 2011-2016e Global Car Air Purifier Capacity and Growth Rate Analysis

6 Car Air Purifier Regional Market Analysis

6.1 North America Car Air Purifier Market Analysis

6.1.1 North America 2011-2016e Car Air Purifier Local Supply, Import, Export, Local Consumption Analysis

6.1.2 North America 2011-2016e Car Air Purifier Sales Price Analysis

7 Global 2011-2016e Car Air Purifier Segment Market Analysis (By Type)

8 Global 2011-2016e Car Air Purifier Segment Market Analysis (By Application)
