

Global Telecom IT Services Market 2017 Share, Trend, Segmentation and Forecast to 2022

Telecom IT services market is estimated to be \$80.3 billion in 2015 growing at a CAGR of 23.6% is poised to reach \$353.9 billion by 2022

PUNE , MAHARASHTRA, INDIA, April 25, 2017 /EINPresswire.com/ -- [Telecom IT Services](#) Industry

Description

Global Telecom IT services market is estimated to be \$80.3 billion in 2015 growing at a CAGR of 23.6% is poised to reach \$353.9 billion by 2022. Growing need to stay competent and increasing financial pressures faced by the telecom operators are the key factors driving the telecom IT services market. Huge capital costs needed for IT services and frequently varying government regulations are restraining the market.

North America is estimated to be the largest market while Europe and Asia-Pacific are anticipated to witness improved market traction, during the forecast period. Integration of the latest infrastructure with the available operating infrastructure is a challenge to the industry. Pressure from rising costs, falling profits and extensive competition are some of the factors that have forced telecom operators to arrive at the IT service providers to optimize their business processes.
