RTLS in Healthcare 2017 Global Market Expected to Grow at CAGR 56% and Forecast to 2020

WiseGuyReports.Com Publish a New Market Research Report On – "RTLS in Healthcare 2017 Global Market Expected to Grow at CAGR 56% and Forecast to 2020".

PUNE, INDIA, April 25, 2017 /EINPresswire.com/ --

The market research analyst expects the global RTLS market in the healthcare industry to witness a tremendous growth during the forecast period, posting a CAGR of more than 56%.

RTLS or real-time location system solutions provide a high degree of intelligence in locating assets as people that brings real-time data to the decision-makers, which leads to process improvement and faster decision making. As a result, the demand for RTLS solutions is expected to increase significantly.

A large number of hospitals are deploying RTLS tags to enhance its operations and increase profitability, which is one major driver contributing to the growth of the market. RFID tags provide a wide variety of applications such as asset management, for quickly locating equipment such as hospital beds, wheelchairs, ventilators, oxygen cylinders, and infusion pumps. Also, they make use of RTLS tags for monitoring of sensitive equipment's, violent patients, and hospital staffs, including doctors and nurses. Therefore, there is an enormous growth opportunity for the global RTLS market in the healthcare industry.

Key questions answered in the report

• What will the market size and the growth rate be in 2020?
• What are the key factors driving the global RTLS market in the healthcare industry?
• What are the key market trends impacting the growth of the global RTLS market in the healthcare industry?
• What are the challenges to market growth?
• Who are the key vendors in the global RTLS market in the healthcare industry?
• What are the market opportunities and threats faced by the vendors in the global RTLS market in the healthcare industry?
• What are the trending factors influencing the market shares of the Americas, EMEA, and APAC?

• What are the key outcomes of the five forces analysis of the global RTLS market in the healthcare industry?

Table Of Contents – Major Key Points

PART 01: Executive summary
• Highlights

PART 02: Scope of the report
• Market overview
• Top-vendor offerings

PART 03: Market research methodology
• Research methodology
• Economic indicators

PART 04: Introduction
• Key market highlights

PART 05: Market landscape
• Market overview
• Five forces analysis
• Market size and forecast

PART 06: Segmentation by application
• Global RTLS market in healthcare industry by application

PART 07: Geographical segmentation
• Global RTLS market by geographical segmentation

PART 08: Market drivers

PART 09: Impact of drivers

PART 10: Market challenges

PART 11: Impact of drivers and challenges

PART 12: Market trends

PART 13: Vendor landscape
• Competitive scenario
• AeroScout (Stanley Healthcare Solutions)
• Ekahau
• HP Enterprise Services
• Zebra Technologies
• Other prominent vendors

PART 14: Appendix
• List of abbreviations
