

Specialty Polyamide Market: Industry Analysis, Future Growth, Business Prospects and Global Forecast to 2022

Global Specialty Polyamide Market Information- Application (Transportation, Energy, Industrial Coatings, Electronics, and Others) and By Region - Forecast 2022

PUNE, MAHARASHTRA, INDIA, April 26, 2017 /EINPresswire.com/ -- Market Research Future has

Key Players: Evonik Industries AG, BASF SE, Arekma SA, Asahi Kasei Corporation, Koninklijke DSM N.V., E. I. du Pont de Nemours and Company, LG Chem, Ltd."

Market Research Future

a half cooked research report on global Specialty Polyamide. The global market for Specialty Polyamide is growing rapidly and expected to continue its growth by the end of 2022.

Test the market data and market information presented through more than 50 market data tables and figures spread over 85 numbers of pages of the project report.

Avail the in-depth table of content TOC & market synopsis on "Global Specialty Polyamide Market Research Report - Forecast to 2022."

Market Highlights:

The global specialty polyamide market is estimated USD 1.98 million in 2016, according to MRFR analysis the major drivers for the market are due to increasing needs for highly technical solutions, increasing demand for new energies and metal replacement in transportation.

The quality, durability, light weight nature and properties of Specialty Polyamide are one of the key factors that drives the market. The demand for recyclable polyamide, and the upcoming safety regulations & innovative techniques developed for its use will be the key influencing factors for the global Specialty -polyamide market with the increased emphasis on its different types and their applications.

Almost 27% of the total polyamide demand was for the transportation segment in 2015, with Consumer Goods application as the fastest growing application segment. As an application, transportation is the largest segment of polyamide, primarily due to its high penetration in all the regions and the increased demand for lightweight polyamide from auto component manufacturers.

Global Specialty Polyamide Players:

Companies such as Akzo Nobel N.V., Autonomic Materials Inc., Evonik Industries AG, BASF SE, Arekma SA, Asahi Kasei Corporation, Koninklijke DSM N.V., E. I. du Pont de Nemours and Company, LG Chem, Ltd., Solvay S.A., INVISTA S.à r.l., and Radici Group have adopted expansion strategies to increase their presence in the market. Most of the companies have invested in R&D amenities to discover advancements and innovative special trading that are eco-friendly, and extremely sensitive to surrounding with less utilization of expensive & harmful raw materials.

Further key findings from the report suggest:

- The global Specialty Polyamide market demand was estimated at 1.98 million tons in 2016.
- Transportation segment the Specialty Polyamide had the highest market share in 2016.
- Asia Pacific has dominated the market and is projected to Expand at the highest CAGR in 2016.

Brief TOC for Specialty Polyamide:

- 1 Executive Summary
- 2 Scope of The Report
- 2.1 Market Definition
- 2.2 Scope of The Study
- 2.2.1 Research Objectives
- 2.2.2 Assumptions & Limitations
- 2.3 Markets Structure
- 3 Market Research Methodology
- 3.1 Research Process
- 3.2 Secondary Research
- 3.3 Primary Research
- 3.4 Forecast Model
- 4 Market Landscape
- 4.1 Five Forces Analysis
- 4.1.1 Threat of New Entrants
- 4.1.2 Bargaining power of buyers
- 4.1.3 Threat of substitutes
- 4.1.4 Segment rivalry
- 4.2 Value Chain/Supply Chain of Global Specialty Polyamide Market
- 5 Industry Overview of Global Specialty Polyamide Market
- 5.1 Introduction
- 5.2 Growth Drivers
- 5.3 Impact analysis
- 5.4 Market Challenges
- 5.5 Impact analysis

Segmentation:

The Global Specialty Polyamide Market is majorly segmented on the basis of application. Based on the Application the market is segmented into Transportation, Energy, Consumer Goods, Industrial Coatings, Electronics, and Others.

Regional Analysis:

Asia-pacific region is expected to maintain its dominance in the global market. Emerging markets of China, japan and India are expected to boost the Asia Pacific Specialty Polyamide market. Other emerging markets are North America, Europe and the Middle East countries. Asia Pacific has the largest market share for global Specialty Polyamide, followed by Europe and Row.

About Market Research Future:

At Market Research Future (MRFR), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.

In order to stay updated with technology and work process of the industry, MRFR often plans & conducts meet with the industry experts and industrial visits for its research analyst members.
