

Global Nickel Hydroxide Market Size, Share, Statistics, Trends, Strategy, Segmentation Analysis by Forecast to 2021

As per the analysis, the global Nickel Hydroxide market is poised to reach USD 2,841.91 Million in 2021 from USD 2,298.50 Million in 2016

PUNE, MAHARASHTRA, INDIA, April 26, 2017 /EINPresswire.com/ --
Market Highlights:

This report states that the global [nickel hydroxide market](#) has seen a positive growth in the past few years and it is estimated that the market will grow significantly in near future. Nickel hydroxide is an integral chemical compound which is mostly used batteries manufacturing.

As per the report, it has been analyzed that increasing demand for batteries will simultaneously increase the demand for nickel hydroxide. From the application segment, the mid-high rate batteries has accounted the largest share in 2016 followed by pocket batteries. Geographically, China ranks top in productions and capacity.

The total market size of Nickel Hydroxide has been estimated at USD 2298.49million in the year 2016.”

Major Key Players

- Norilsk Nickel
- Sumitomo Metal Mining Co. Ltd
- ERAMET
- Tanaka Chemical Corporation
- Jiangmen chansun Umicore Industry Co. Ltd
- Henan Kelong New Energy Co. Ltd

- Jilin Jien Nickel Industry Co. LTD
- ALT Cobalt & Nickel Products (Dalian) Co. Ltd

Segmentation:

MRFR has segmented the global Nickel Hydroxide Market into applications which primarily includes batteries. The batteries are further segmented into pocket batteries and mid-high rate batteries.

Regional Analysis of Nickel Hydroxide Market:

As per the analysis, the global Nickel Hydroxide market is poised to reach USD 2,841.91 Million in 2021 from USD 2,298.50 Million in 2016.

Industry Overview

1.1 Definition And Specifications of Nickel Hydroxide

- 1.1.1 Definition of Nickel Hydroxide
- 1.1.2 Specifications of Nickel Hydroxide
- 1.2 Applications of Nickel Hydroxide
 - 1.2.1 Batteries
- 1.3 Industry Chain Structure of Nickel Hydroxide
 - 1.3.1 Supplier
 - 1.3.2 Manufacturer
 - 1.3.3 Distributor
 - 1.3.4 retailer
- 1.4 Industry Overview And Major Regions Status of Nickel Hydroxide
 - 1.4.1 industry Overview of Nickel Hydroxide
 - 1.4.2 Global Major Regions Status of Nickel Hydroxide
- 1.5 Industry Policy Analysis of Nickel Hydroxide
- 1.6 Industry News Analysis of Nickel Hydroxide

Continued...

List of Table

TABLE 1 Specifications Of Nickel Hydroxide.
TABLE 2 Industry Policy Of Nickel Hydroxide.
TABLE 3 Industry News Of Nickel Hydroxide.

About Market Research Future:

At Market Research Future (MRFR), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.
