The power wheelchair athletes from the top ten teams from across the globe will converge in Florida to compete for the World Championship title that only the USA has so far achieved. The two previous FIPFA World Cups were held in 2006 in Tokyo and 2011 in Paris, France. The U.S. National Power Soccer Team is the only U.S. based soccer team to ever win back-to-back World Cups. “We want to make this 3rd World Cup reflect powerfully on the USA as the host country”, says Dominic Russo, President, USPSA.
