

Global Automotive Interior Market Expected to Grow at CAGR 8.72% During 2016 to 2027

Global Automotive Interior Market Analysis by Type (Synthetic Leather, Fabric, Thermoplastic Polymer and Leather), Vehicle Type and Regions - Forecast to 2027

“ We enable our customers to unravel the complexity.”

Market Research Future

PUNE, MAHARASHTRA, INDIA, April 27, 2017 /EINPresswire.com/ -- Market Research Future Published a Cooked Research Report (CRR) on Global [Automotive Interior Market](#). The automotive interior market is expected to grow over the CAGR of around 8.72%% during the period 2014 to 2027

Major Key Players are Toyota Gosei Co. Ltd (Japan), Toyota Boshoku Corporation (Japan), Lear Corporation (U.S), NTF India Pvt Ltd (India), Sage Automotive Interiors. Inc (U.S)”

Market Research Future

Market Overview:

The growth of the Automotive Interior Market is majorly driven by increased income levels of people in the Asia-Pacific region. The government initiatives combined with the booming automotive industry has resulted in the better automotive sales. The market is further driven by the growing competition between the manufacturers to produce high quality interiors and increase the comfort of passengers. However, the growth of this market can be restrained by the cost of the materials and the continuous research and development that is needed to update the

technology.

Key Players

The key players of global automotive interior markets are Toyoda Gosei Co. Ltd (Japan), Toyota Boshoku Corporation (Japan), Lear Corporation (U.S), NTF India Pvt Ltd (India), Sage Automotive Interiors. Inc (U.S), BASF Automotive Solutions (Germany), and Faurecia S.A (France).

Market Research Analysis

Increasing competition between global automobile manufacturers to manufacture high quality cars has increased the automobile interior market growth. The ability of the growing world population to afford automobiles, is further increasing the market. Additionally, interiors of automobiles have gained prominence in recent years because of technological advancements in materials and affordability.

Asia-Pacific is expected to be the largest market for automobile interiors, due to countries such as China and India in the region. North America and Europe are further expected to contribute to the growth. There is an increasing requirement for high quality interiors, even in small category cars because of growing competition among the global car manufacturers. All these factors are contributing to the growth of the automobile interior market.

Access the market data and market information presented through more than 25 market data tables and 25 figures spread over 111 numbers of pages of the project report "Global Automotive Interior Market – Forecast to 2027"

Scope of the Report

This study provides an overview of the global automotive interior market, tracking two market segments across four geographic regions. The report studies key players, providing a five-year annual trend analysis that highlights market size, volume and share for North America, Europe, Asia Pacific (APAC) and Rest of the World (ROW). The report also provides a forecast, focusing on the market opportunities for the next five years for each region. The scope of the study segments the Global Automotive Interior market by its type, application, operational depth and regions.

By Type

- Synthetic Leather,
- Fabric,
- Thermoplastic Polymer,
- Leather

By Vehicle Type

- Passenger Vehicle
- Commercial Vehicle

By Region

- North America
- Asia Pacific
- Europe
- Rest of the World
