

Flight Simulator Market to Grow at CAGR Of 4.5% According to Forecast from 2017 to 2022

Some of the key players in global flight simulator market include Airbus Group N.V., ATC Flight Simulator, CAE Inc., Command Sims. Pvt. Ltd.

PUNE, INDIA, April 27, 2017 /EINPresswire.com/ -- [Flight Simulator Market](#)

Global Flight Simulator market is expected to grow from \$5.89 billion in 2015 to \$8.03 billion by 2022 with a CAGR of 4.5%. Adoption of virtual training to ensure aviation safety, raising demand for new military and commercial pilots and the need for cost-cutting of pilot training are the factors influencing the global flight simulator market growth. Furthermore, environmental issues and high fuel costs are driving aviation industry to adopt simulation training. On the other hand, high complexity of flight simulator systems is restraining the market.

By application, the military segment commands the flight simulator market with prominent share and is projected to continue its supremacy over the next seven years, while the commercial segment is anticipated to grow at a higher CAGR during the forecast period. The market for military simulators is mainly driven by their use in mission training and armed forces training. North America commands the global market, whereas the market in the Asia-Pacific is estimated to grow at the highest CAGR. The aviation industry in the Asia-Pacific region is projected to witness strong growth over the forecast period. The favorable growth is attributed to the rising demand for new aircraft deliveries and growing air traffic in this region.
