WiseGuyReports.Com Publish a New Market Research Report On – “Global Lime Market 2016 Share, Supply and Consumption Analysis Research Report Forecast to 2020”.

PUNE, INDIA, April 27, 2017 /EINPresswire.com/

--

The analysts forecast the [global lime market](#) to grow at a CAGR of 4.48% by volume during the period 2016-2020.

Lime is derived from limestone in an industrial process. Lime has two product forms: hydrated lime and quicklime. Limestone is a naturally occurring and abundant sedimentary rock consisting of high levels of calcium carbonate, magnesium carbonate, or dolomite (calcium magnesium carbonate CaMgCO_3) along with other minerals. After mining, limestone is initially crushed using a primary crusher and depending on the required size. It is further crushed using a secondary or tertiary crusher to reduce its size further. Then it is screened into various sizes for the commercial end-use applications.

The report covers the present scenario and the growth prospects of the global lime market for 2016-2020. To calculate the market size, the report considers the revenue generated through sales of lime for product forms including hydrated lime and quicklime.

The market is divided into the following segments based on geography:

- Americas
- APAC
- Europe

- MEA

The report, Global Lime Market 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- Carmeuse
- Graymont
- Lhoist
- Mississippi Lime
- Minerals Technologies

Other prominent vendors

- Imerys
- Omya
- Okutama Kogyo
- Schaefer Kalk

Market driver

- Increase in demand for construction and infrastructure development
- For a full, detailed list, view our report

Market challenge

- Diminishing limestone reserves and stringent regulations
