Asia Pacific is the largest market of monosodium glutamate due to demand in various applications such as additives, flavor enhancers in China region followed by Japan. Increasing demand for fast food in the Indian, Taiwan, and South Korea has made Asia Pacific largest consumer of the global monosodium glutamate market followed by increasing in the consumption of monosodium glutamate market in North America region. The third largest market of monosodium glutamate is Europe. Latin America and Middle East also witnessed in growth of monosodium glutamate market due to various application such as additives, flavor enhancers, acidity regulators, preservatives, and others.

The global monosodium glutamate market is majorly segmented on the basis of application, end users and region. Based on application of monosodium glutamate the market is segmented into additives, flavor enhancers, acidity regulators, preservatives, and others. Based on end user the market segmented into food processing industry, cosmetic industry, pharmaceutical industry, animal feed, and others and based on region market is segmented into North America, Europe, APAC, Latin America, Middle East & Africa.

Key players of the global monosodium glutamate market are

- Eufeng Group (China)
- AJINOMOTO Co.Inc.(Japan)
- Medan International (Holdings) Limited. (Hong Kong)
- Ningxia Eppen Biotech Co.(China)
- YOWA HAKKO BIO CO.LTD. (Japan)
- Shandong Linghua MSG Co., Ltd (China)
- Shandong Qilu Biotechnology Group (China)
- Shandong Shenghua Group (China)
- Jianyang Wuyi MSG Co. Ltd. (China)

The report about Global Monosodium Glutamate Market by Market Research Future comprises of extensive primary research along with detail analysis of qualitative as well as quantitative aspects by various industry experts and key opinion leaders to gain a deeper insight of the market and industry performance. The report gives a clear picture of the current market

scenario which includes past and estimated future market size in terms of value and volume, technological advancement, macro economical and governing factors in the market. The report further provides detail information about strategies used by top key players in the industry. It also gives a broad study about different market segments and regions.
