

NexorONE® now offers real-time Integration Capability with SendGrid®

NexorONE® announces the new capability of integrating with SendGrid® the leading delivery platform for customer communication that drives engagement and growth.

PANAMA CITY, PANAMA, April 28, 2017 /EINPresswire.com/ -- April 28, 2017 - [NexorONE®](#), the leading Online Banking Software Solution™ announces its new capability of integrating with [SendGrid](#), the leading delivery platform for customer communication that drives engagement and growth.

This new integration capability will allow the financial entities using NexorONE® to monitor and control all the emails sent out. Additionally, SendGrid's cloud-based email platform provides a secure, scalable, and robust infrastructure that solves core email deliverability issues, relieving the headaches of application email infrastructure development and freeing development resources to focus on core business objectives.

About NexorONE:

NexorONE® is the leading Online Banking Software Solution™ with its robust modular scalability and wide array of features it serves a broad variety of financial entities such as Online and Private Banks, Credit Unions, eWallets, Trusts & Asset Management Companies and Payment Platforms.

NexorONE® has been deployed to more than 300 financial entities worldwide, spread throughout 40 countries and in 16 languages. Features include a customizable responsive interface, user groups and admin roles, compliance rules (KYC+AML), API's and continuous updates. For more information, visit [Banking.Systems](#).

About SendGrid

SendGrid is a proven, cloud-based customer communication platform that drives engagement and business growth. A leader in email deliverability, SendGrid successfully delivers over 30 billion emails each month for Internet and mobile-based customers like Airbnb, Pandora, HubSpot, Spotify, Uber and FourSquare as well as more traditional enterprises like Intuit and Costco. For more information, visit www.SendGrid.com.
