Here are changes made this year that you can benefit from:

1. Income Tax

Your personal allowance has changed which means you can now earn a generous £11,500 before being taxed. This is a 4% increase on last year. If you pay the higher tax rate of 40% you will be pleased to learn that it's increased to £45,000 from £43,000

2. ISAS

Isas are a great way to save for a deposit on a house or for a major event such as a holiday or home improvement. You can now save £20,000 per year which is quite the leap of almost 25%. Last year, you could save £15,240. This is welcome tax relief for those looking to save for what could be, life changing times such as buying a house or enjoying a trip of a lifetime.

3. Marriage Allowance

This is a small jump compared to the previous too, but you can now transfer £1150 (previously £1100) to your partner.

4. Inheritance Tax

A couple could now benefit from £850,000 of tax free money when passing a home onto a family member. The allowance is now £425,000 each. This is a huge jump of £100,000 and one many will benefit from.

5. Extra Income

If you make money from car boot sales, AirBnB, renting your home, you can now make £1000 before tax.

6. Capital Gains Tax

Capital Gains Tax has changed, it's not a massive leap, but it's an increase all the same. It has been raised by £300 this year.
